FINAL* REPORT OF THE MOTIONS COMMITTEE ON CERTIFIED AMENDING MOTIONS FOR PRESENTATION AT THE 2009 ASSOCIATION TECHNICAL MEETING, JUNE 10-11, 2009 CHICAGO, IL (FOR THE ANNUAL 2009 REVISION CYCLE DOCUMENTS)

I. Introduction. This is the second and Final* Report of the Motions Committee listing Certified Amending Motions that may be presented at the 2009 Association Technical Meeting in Chicago, IL on June 10-11, 2009. This Final Report incorporates the first Report of the NFPA Motions Committee on Fall 2008 Revision Cycle Documents dated November 7, 2008. The Motions Committee, consisting of NFPA Standards Council Members J. Pauley (Chair), K. Bell, S. Clary, R. Gerdes, J. Jardin, and M. Newman, has been appointed by the Chair of the Standards Council to certify proper amending motions and otherwise review and act, in accordance with 2.1 through 2.5 of the *NFPA Technical Meeting Convention Rules* (*Convention Rules*), on Notices of Intent to Make a Motion (NITMAMs) that have been submitted on NFPA codes and standards (Documents), that have been processed in the Annual 2009 Revision Cycle.

Under NFPA rules, persons wishing to make an allowable amending motion at an NFPA Technical Meeting must declare their intention to do so by filing, within the published deadlines, a NITMAM setting forth information about the intended motion. The Motions Committee, in accordance with NFPA rules, reviews each NITMAM to determine whether the intended motion is a proper motion. The Committee can also, in consultation with the submitter of the NITMAM, clarify the intent of, and, if appropriate, restate the motion, and, in certain circumstances, group motions that are dependent on each other together so that they can be made as a single motion. In addition, the Motions Committee may take such other action or make such other recommendations as will facilitate the fair and efficient consideration of motions within the available time. The Motions Committee certifies for presentation at the appropriate Association Technical Meeting all proper Amending Motions, either as submitted or as clarified, restated or grouped, as explained above. The Motions Committee then publishes a report setting forth, at a minimum, each Certified Amending Motion, the person(s) authorized to make such motions, and the recommended order in which motions should be entertained. In addition, the Report may include Motions Committee notes or comments aimed at assisting the Presiding Officer or facilitating the understanding of or the orderly and efficient consideration of the motion when presented at the Association Technical Meeting.

The Certified Amending Motions for the Annual 2009 Revision Cycle Documents are set forth in Part II of this report; Part III summarizes motions that were not certified by the Motions Committee; Part IV of this Report lists those "Consent Documents" in the Annual 2009 Revision Cycle that have no Certified Amending Motions. In reviewing this report, the following should be considered:

* In the event that any corrections to or revisions of this Report become necessary, updates will be posted on the NFPA Website at www.nfpa.org.

- The only Amending Motions allowed at an Association Technical Meeting are Certified Amending Motions set forth in a report of the Motions Committee and any Follow-Up Motions, that is, motions that may become necessary as a result of a previous successful Amending Motion. (See *Convention Rules* at 3.4.4.)

- Certified Amending Motions can only be made by person(s) listed in this Report as authorized to make the motion, or by persons they have designated in writing to the Standards Council Secretary as their Designated Representative. See *Regulations Governing Committee Projects* (*Regs.*) at 4.6.8.1.

- The Certified Amending Motions set forth in this report are proper and permissible; they will, however, only be presented for the consideration of the membership at the 2009 Association Technical Meeting if a person authorized to make the motion (or their Designated Representative) actually appears, signs in no later than one hour before the beginning of the session (see *Convention Rules* at 2.7), and makes the motion in accordance with NFPA rules.

- This Report concerns all Certified Amending Motions for consideration at the 2009 Association Technical Meeting in Chicago, IL on June 10-11, 2009.

The information presented above provides a general introduction to some of the relevant features of the NITMAM process and the presentation of Certified Amending Motions. For a full and complete understanding of the process, participants should consult the rules themselves, including the *Convention Rules* and the *Regs*. In particular, the rules concerning the submission of NITMAMS and the Certification of Amending Motions can be found at 2.0 of the *Convention Rules* and 4.5 of the *Regs*. The rules concerning membership action at Association Technical Meetings can be found, generally, in the *Convention Rules* and in 4.6 of the *Regs*. These are published in the 2009 Annual Directory and are available on the NFPA website at www.nfpa.org. For additional information about the NFPA codes and standards process, consult the NFPA website or contact NFPA Codes & Standards Administration Department at 617-984-7248.

II. Certified Amending Motions. The Motions Committee has received and reviewed NITMAMs on twelve Annual 2009 Revision Cycle Documents. The Committee has determined that all twelve documents have at least one certified amending motion that may be presented for action at the 2009 Association Technical Meeting. The twelve documents are as follows:

NFPA 13	*Standard for the Installation of Sprinkler Systems*
NFPA 13D	*Standard for the Installation of Sprinkler Systems in One- and Two-Family Dwellings and Manufactured Homes*
NFPA 20	*Standard for the Installation of Stationary Pumps for Fire Protection*
NFPA 52	*Vehicular Fuel Systems Code*
NFPA 72	*National Fire Alarm Code®*
NFPA 80	*Standard for Fire Doors and Other Opening Protectives*
NFPA 99	*Standard for Health Care Facilities*
NFPA 105	*Standard for the Installation of Smoke Door Assemblies and Other Opening Protectives*

NFPA 130	*Standard for Fixed Guideway Transit and Passenger Rail Systems*
NFPA 400	*Hazardous Materials Code*
NFPA 501	*Standard on Manufactured Housing*
NFPA 909	*Code for the Protection of Cultural Resources Properties - Museums, Libraries, and Places of Worship*

Previously, the Motions Committee had ruled that four Fall 2008 Revision Cycle Documents have certified amending motions (see the "Report of the Motions Committee on Certified Amending Motions: Fall 2008 Revision Cycle"). Since the issuance of the Motions Committee Report for the Fall 2008 Revision Cycle, the single certified NITMAM for NFPA 55 (thereby making it a consent document) has been withdrawn and eleven certified NITMAMs for NFPA 52 have been withdrawn by the submitter and approved by the Motions Committee.

Table A summarizes the motions that have been reviewed and certified by the Motions Committee for documents processed in the Annual 2009 revision cycle and in the Fall 2008 revision cycle for consideration at the 2009 Association Technical Meeting in Chicago, IL, June 10-11, 2009.

III. NITMAMs that were not Certified by Motions Committee.

Table B summarizes the motions for documents processed in the Annual 2009 Revision Cycle that have been reviewed by the Motions Committee and not certified. (Note that Table B only includes documents in the Annual 2009 revision cycle as no NITMAM's for documents in the Fall 2008 revision cycle were not certified.)

IV. Consent Documents.

Where a Document in the Annual 2009 Revision Cycle receives no NITMAMs that result in one or more Certified Amending Motions, the Document is considered a "Consent Document." A Consent Document is not presented at the Association Technical Meeting and is, instead, forwarded directly to the Standards Council for issuance. See *Regs.* at 4.5.6.

Following are the seventeen Consent Documents in the Annual 2009 Revision Cycle with proposed issuance and effective dates. The Consent Documents were forwarded directly to the Standards Council for issuance via letter ballot:

Issuance Date - May 26, 2009, Effective Date – June 15, 2009

NFPA 13R	*Standard for the Installation of Sprinkler Systems in Residential Occupancies up to and Including Four Stories in Height*
NFPA 24	*Standard for the Installation of Private Fire Service Mains and Their Appurtenances*
NFPA 55	*Standard for the Storage, Use, and Handling of Compressed Gases and Cryogenic Fluids in Portable and Stationary Containers, Cylinders, and Tanks*
NFPA 99B	*Standard for Hypobaric Facilities*
NFPA 101A	*Guide on Alternative Approaches to Life Safety*
NFPA 110	*Standard for Emergency and Standby Power Systems*
NFPA 111	*Standard on Stored Electrical Energy Emergency and Standby Power Systems*
NFPA 291	*Recommended Practice for Fire Flow Testing and Marking of Hydrants*
NFPA 302	*Fire Protection Standard for Pleasure and Commercial Motor Craft*
NFPA 430	*Code for the Storage of Liquid and Solid Oxidizers* (withdraw)

NFPA 432	*Code for the Storage of Organic Peroxide Formulations* (withdraw)
NFPA 434	*Code for the Storage of Pesticides* (withdraw)
NFPA 490	*Code for the Storage of Ammonium Nitrate* (withdraw)
NFPA 1123	*Code for Fireworks Display*
NFPA 1221	*Standard for the Installation, Maintenance, and Use of Emergency Services Communications Systems*
NFPA 1710	*Standard for the Organization and Deployment of Fire Suppression Operations, Emergency Medical Operations, and Special Operations to the Public by Career Fire Departments*
NFPA 1720	*Standard for the Organization and Deployment of Fire Suppression Operations, Emergency Medical Operations and Special Operations to the Public by Volunteer Fire Departments*

Note: *In accordance with 1.6.2(a) of the Regs., there is a fifteen day appeal period following the publication date of this report in which one may file an appeal related to the issuance of any Consent Documents listed in this report. Note, however, that unless clear and substantial reasons exist to consider such an appeal, the Standards Council "may summarily dismiss the appeal on account of the procedural failure to notice and make an appropriate motion at the Association Technical Meeting." The final date to file any such appeal is May 15, 2009.*

TABLE A
Certified Amending Motions on Documents for the June 2009 Association Technical Meeting
(Note: The motions are presented in the order of presentation recommended by the Motions Committee)

Document #1 NFPA 501, *Standard on Manufactured Housing* F2008

Motion Seq #	NITMAM Log #	Section/ Para	Person(s) Authorized to Make the Motion	Certified Amending Motion**	Motions Committee Notes and Comments**
501-1	536	5.3.2.6	Marcelo Hirschler, GBH International	Accept Comment 501-7	
501-2	541	5.3.2.6	Shawn Martin, Plumbing Manufacturers Institute	Accept Comment 501-8	
501-3	535	5.4	Marcelo Hirschler, GBH International	Accept Comment 501-10	

*Designated Representative in accordance with 4.6.8.1 and/or 4.6.8.2 of NFPA's Regulations Governing Committee Projects

**In describing the Certified Amending Motion and in the Motions Committee Notes and Comments, the Motions Committee sometimes summarizes the results of the certified amending motion under consideration. The actual proposals and/or comments related to the motion should, however, be consulted for a complete description of the precise text under consideration.

5/7/2009

TABLE A
Certified Amending Motions on Documents for the June 2009 Association Technical Meeting
(Note: The motions are presented in the order of presentation recommended by the Motions Committee)

Document #2 NFPA 400, *Hazardous Materials Code* A2009

Motion Seq #	NITMAM Log #	Section/ Para	Person(s) Authorized to Make the Motion	Certified Amending Motion**	Motions Committee Notes and Comments**
400-1	543	1.1.2.2	Michael P. Walls, Arlington, VA Wechsler is the Desig. Rep.* for Walls	Accept Comment 400-12	If successful, this proposed motion results in the exemption of chemistry labs within the scope of NFPA 45 from the scope of NFPA 400.
400-2	544	1.3.1.1	Michael P. Walls, Arlington, VA Wechsler is the Desig. Rep.* for Walls Richard S. Kraus, Petroleum Safety Consultants	Accept Comment 400-16	**Note:** Richard S. Kraus submitted NITMAM Log 552 to accept Comment 400-15, which was, with a minor editorial difference, identical to NITMAM Log 544 to accept Comment 400-16. For the sake of simplicity, and with Mr. Kraus' consent, only Log 544 is being certified and Messrs. Kraus and Walls (along with Mr. Walls' designated representative) are all listed as persons authorized to make the motion.
400-3	545	Chapter 5 and 6.1.1.1 and 6.1.1.2	Michael P. Walls, Arlington, VA Wechsler is the Desig. Rep.* for Walls	Accept Comment 400-60	If successful, this proposed motion results in the deletion of proposed Chapter 5.
400-4	553	5.4.1.3	Richard S. Kraus, Petroleum Safety Consultants	Accept Comment 400-89	If successful, this proposed motion results in the exemption of outdoor control area requirements for materials in approved stationary aboveground or underground storage tanks.
400-5	546	Chapter 21	Michael P. Walls, Arlington, VA Wechsler is the Desig. Rep.* for Walls	Accept Comment 400-218	**Related Motions:** Motions 400-5 and 400-6 (Logs 546 and 554), while different in the means they employ, seek to achieve the same action. Specifically, either of the motions, if successful, would delete Chapter 21, *Compressed Gases and Cryogenic Liquids*. These motions have been certified as proper. So as to eliminate multiple debates on the same proposed action, however, the following procedure regarding the orderly and efficient consideration of the subject presented by the related motions will be in effect at the Technical Session: Once either of the motions is made and seconded, the other will no longer be in order, and the single motion on the floor will serve as the representative motion for purposes of debate and vote on the proposed action. All persons wishing to participate in debate on the proposed action should, therefore, do so during the presentation of the representative motion.
400-6	554	Chapter 21	Richard S. Kraus, Petroleum Safety Consultants	Accept Comment 400-214	

*Designated Representative in accordance with 4.6.8.1 and/or 4.6.8.2 of NFPA's Regulations Governing Committee Projects

**In describing the Certified Amending Motion and in the Motions Committee Notes and Comments, the Motions Committee sometimes summarizes the results of the certified amending motion under consideration. The actual proposals and/or comments related to the motion should, however, be consulted for a complete description of the precise text under consideration.

TABLE A
Certified Amending Motions on Documents for the June 2009 Association Technical Meeting
(Note: The motions are presented in the order of presentation recommended by the Motions Committee)

Document #3 NFPA 20, *Standard for the Installation of Stationary Pumps for Fire Protection* A2009

Motion Seq #	NITMAM Log #	Section/ Para	Person(s) Authorized to Make the Motion	Certified Amending Motion**	Motions Committee Notes and Comments**
20-1	591	4.3.1	Kenneth E. Isman, National Fire Sprinkler Association	Return a portion of a Report in the form on identifiable part of Proposal 20-3 and related Comment 20-2. The Identifiable part that is returned reads as follows: "4.3.1 Fire pumps operating in series and their controllers shall be located within the same fire pump room."	If successful, this proposed motion results in the elimination of the proposed text from the 2010 edition because there was no comparable text on this subject in the 2007 edition.
20-2	548	9.2.3.4	R. Schneider, Lancaster, SC	Accept Comment 20-48	
20-3	593	10.7	Kenneth E. Isman, National Fire Sprinkler Association	Accept Comment 20-66	**Related Motions:** Motions 20-3 and 20-4 (Logs 593 and 549), while different in the means they employ, seek to achieve the same action. Specifically, either of the two motions, if successful, would reinstate the previous edition requirements for limited service controllers. These motions have been certified as proper. So as to eliminate multiple debates on the same proposed action, however, the following procedure regarding the orderly and efficient consideration of the subject presented by the related motions will be in effect at the Technical Session: Once either of the motions is made and seconded, the other will no longer be in order, and the single motion on the floor will serve as the representative motion for purposes of debate and vote on the proposed action. All persons wishing to participate in debate on the proposed action should, therefore, do so during the presentation of the representative motion.
20-4	549	10.7 and A.10.7	Manuel J. DeLerno, St.. Charles, IL	Accept Comment 20-67	

*Designated Representative in accordance with 4.6.8.1 and/or 4.6.8.2 of NFPA's Regulations Governing Committee Projects

**In describing the Certified Amending Motion and in the Motions Committee Notes and Comments, the Motions Committee sometimes summarizes the results of the certified amending motion under consideration. The actual proposals and/or comments related to the motion should, however, be consulted for a complete description of the precise text under consideration.

TABLE A
Certified Amending Motions on Documents for the June 2009 Association Technical Meeting
(Note: The motions are presented in the order of presentation recommended by the Motions Committee)

Document #4 NFPA 13, *Standard for the Installation of Sprinkler Systems* A2009

Motion Seq #	NITMAM Log #	Section/ Para	Person(s) Authorized to Make the Motion	Certified Amending Motion**	Motion Committee Notes and Comments**
13-1	556	6.5.1	Leonard R. Swantek, Victaulic Company of America	Reject Comment 13-34	If successful, this proposed motion results in language returning to 2007 (previous edition) language for sections 6.5.3.1, 6.5.3.2 and 6.5.3.3 since associated Proposal 13-65 was rejected.
13-2	617	7.1.2.1	Cecil Bilbo, Jr., National Fire Sprinkler Association Isman is the Desig. Rep.* for Bilbo	Accept Comment 13-46	This motion (Log 617) seeks to return Section 7.1.2.1 to 2007 previous edition text.
13-3	597	7.1.2.1	Kenneth E. Isman, National Fire Sprinkler Association	Reject Comment 13-44	This motion (Log 597) seeks to achieve deletion of the word “gridded”.
13-4	618	Table 8.6.2.2.1(a)	Cecil Bilbo, Jr., National Fire Sprinkler Association Isman is the Desig. Rep.* for Bilbo	Accept Comment 13-84	
13-5	562	8.15.3.2.5	David J. Burkhart, Code Consultants, Inc.	Accept Comment 13-136	
13-6	558	8.15.8.1.1	Ronald G. Nickson, Washington, DC Additional Submitters: Marshall Klein, Jeff Shapiro	Reject Comment 13-141	
13-7	561	8.17.4.1	David J. Burkhart, Code Consultants, Inc.	Accept Comment 13-104	
13-8	595	9.3.2.3(6)	Kenneth E. Isman, National Fire Sprinkler Association	Reject Comment 13-173	If successful, this proposed motion results in language returning to 2007 (previous edition) for sections 9.3.2.3(6) since associated Proposal 13-261 was rejected.
13-9	596	A.9.3.2.4	Kenneth E. Isman, National Fire Sprinkler Association	Return a portion of a Report in the form of a Proposal 13-510(b) and related Comment 13-291	
13-10	598	A.8.16.4.2.2	Kenneth E. Isman, National Fire Sprinkler Association	Reject Comment 13-47	
13-11	599	A.22.4.4.5.1	Kenneth E. Isman, National Fire Sprinkler Association	Reject an Identifiable Part of Comment 13-302. The rejection of the identifiable part results in reinstating Figure A.22.4.4.5.1 (Moody Diagram) and Table A.22.4.4.5.1 (aged pipe table) from the 2007 edition.	

*Designated Representative in accordance with 4.6.8.1 and/or 4.6.8.2 of NFPA’s Regulations Governing Committee Projects

**In describing the Certified Amending Motion and in the Motions Committee Notes and Comments, the Motions Committee sometimes summarizes the results of the certified amending motion under consideration. The actual proposals and/or comments related to the motion should, however, be consulted for a complete description of the precise text under consideration.

TABLE A
Certified Amending Motions on Documents for the June 2009 Association Technical Meeting
(Note: The motions are presented in the order of presentation recommended by the Motions Committee)

Document #5 NFPA 13D, *Standard for the Installation of Sprinkler Systems in One- and Two-Family Dwellings and Manufactured Homes* A2009

Motion Seq #	NITMAM Log #	Section/ Para	Person(s) Authorized to Make the Motion	Certified Amending Motion**	Motion Committee Notes and Comments**
13D-1	616	5.2.1.3	Jonathan C. Bittenbender, REHAU Inc. Bittenbender is the Desig. Rep.* for Cabral	Accept Proposal 13D-27	**Group Amending Motion (13D-1):** Motions identified by (Logs 616 and 615) taken together seek to revise text to incorporate language to allow for the use of pipe (Log 616) and fittings (Log 615) having a pressure rating of 130 psi for all systems when equipped with a pressure relief valve set to a maximum of 130 psi or connected to a domestic plumbing system. Both motions have been certified as proper. In addition, with the agreement of the authorized maker of the motions, these motions are being considered as dependent motions which will be debated and voted on by the assembly as a single up or down package. See NFPA Technical Meeting Convention Rules 2.3. Accordingly, the following procedure will be in effect for these motions at the Technical Session: the two dependent motions will be grouped into a single "Group Amending Motion" identified as Motion 13D-1 which, once made by the authorized person, will effectively place both dependent motions on the floor for debate and vote as a single up or down motion.
	615	5.2.5.3	Jonathan C. Bittenbender, REHAU Inc. Bittenbender is the Desig. Rep.* for Cabral	Accept Proposal 13D-30	

*Designated Representative in accordance with 4.6.8.1 and/or 4.6.8.2 of NFPA's Regulations Governing Committee Projects

**In describing the Certified Amending Motion and in the Motions Committee Notes and Comments, the Motions Committee sometimes summarizes the results of the certified amending motion under consideration. The actual proposals and/or comments related to the motion should, however, be consulted for a complete description of the precise text under consideration.

TABLE A
Certified Amending Motions on Documents for the June 2009 Association Technical Meeting
(Note: The motions are presented in the order of presentation recommended by the Motions Committee)

Document #5 NFPA 13D, *Standard for the Installation of Sprinkler Systems in One- and Two Family Dwellings and Manufactured Homes* A2009 *(continued)*

Motion Seq #	NITMAM Log #	Section/ Para	Person(s) Authorized to Make the Motion	Certified Amending Motion**	Motions Committee Notes and Comments**
13D-2	603 619	5.2.1.3 and 5.2.5.3 5.2.1.3 and 5.2.5.3	Ronald G. Nickson, Washington, DC Additional Submitters: Marshall Klein, Jeff Shapiro and Jonathan C. Bittenbender, REHAU Inc. Bittenbender is the Desig. Rep.* for Cabral	Reject Comment 13D-18	**Multiple Notices for a Single Motion.** In regards to Motion 13D-2, multiple submitters have filed NITMAMs for the same motion (Logs 603 and 619) which shall be treated as a Single Motion per Section 2.4 of NFPA's Convention Rules. Any of the submitters are permitted to make the motion. If successful, the proposed motion seeks to revert back to the text proposed in Proposal 13D-15a.
13D-3	620	5.2.1.3 and 5.2.5.3	Jonathan C. Bittenbender, REHAU Inc.	Reject Comment 13D-19	**Related Motions:** Motions 13D-2, 13D-3 and 13D-4 (Logs 603, 619, 620 and 621), while different in the means they employ, seek to achieve the same action. Specifically, any one of the three motions, if successful, would revert back to the text proposed in Proposal 13D-15a. These motions have been certified as proper. So as to eliminate multiple debates on the same proposed action, however, the following procedure regarding the orderly and efficient consideration of the subject presented by the related motions will be in effect at the Technical Session: Once any of the motions is made and seconded, the others will no longer be in order, and the single motion on the floor will serve as the representative motion for purposes of debate and vote on the proposed action. All persons wishing to participate in debate on the proposed action should, therefore, do so during the presentation of the representative motion.

TABLE A
Certified Amending Motions on Documents for the June 2009 Association Technical Meeting
(Note: The motions are presented in the order of presentation recommended by the Motions Committee)

Document #8 NFPA 99, *Health Care Facilities Code* A2009

Motion Seq #	NITMAM Log #	Section/ Para	Person(s) Authorized to Make the Motion	Certified Amending Motion**	Motions Committee Notes and Comments**
99-1	625	Chapter 1	Stephen M. Lipster, Columbus, OH	Return a portion of a Report in the form of Proposal 99-6a and related Comment 99-2.	The proposal and comment modify the scopes of various chapters.
99-2	622	3.3.185, Wet Locations, A.3.3.185, 4.3.2.2.8.3 and A.4.3.2.2.8.3	James S. Peterkin, Heery International	Return a portion of a Report in the form of Proposal 99-68 and Comment 99-93. The return of the report results in the return of the definition, *wet location*, and associated annex, to previous edition text.	If successful, this proposed motion deletes the proposed explicit listing of operating rooms as "*wet locations*" by going back to 2007 text.
99-3	626	Chapter 4	Stephen M. Lipster, Columbus, OH	Return a portion of a Report in the form of Proposal 99-73a and related Comment 99-6. The return of the report results in the deletion of: a new definition of *Basic Care Rooms* and associated annex material; the modification of the definitions *Critical Care Areas* and *General Care Areas* and associated annex material; and the deletion of the electrical requirements specified for *Basic Care Rooms*, *Critical Care Areas* and *General Care Areas*.	If successful, this proposed motion would return proposed new and modified language to 2007 edition text.
99-4	586	4.4.2.1.2, 4.5.2.2.2, and 4.6.2.2.2	Malcolm Allison, National Electric Fuse Association	Accept Comment 99-408	
99-5	547	5.1.3.4.2	Simon Robitaille, Sante-Foy, Quebec	Accept Comment 99-434	
99-6	623	X.8.2	James K. Lathrop, Koffel Associates, Inc.	Return a portion of a Report in the form of identifiable part of Proposal 99-446 and related Comments 99-583, 99-587, 99-588, 99-589, and 99-596. The identifiable part is to return all of Section X.8.2.	If successful, this proposed motion would delete proposed Section X.8.2.

*Designated Representative in accordance with 4.6.8.1 and/or 4.6.8.2 of NFPA's Regulations Governing Committee Projects

**In describing the Certified Amending Motion and in the Motions Committee Notes and Comments, the Motions Committee sometimes summarizes the results of the certified amending motion under consideration. The actual proposals and/or comments related to the motion should, however, be consulted for a complete description of the precise text under consideration.

(Note: The motions are presented in the order of presentation recommended by the Motions Committee)

Document #8 NFPA 99, *Health Care Facilities Code* A2009 *(continued)*

Motion Seq #	NITMAM Log #	Section/ Para	Person(s) Authorized to Make the Motion	Certified Amending Motion**	Motions Committee Notes and Comments**
99-7	631	Chapter X, *Features of Fire Protection*	James K. Lathrop, Koffel Associates, Inc.	Return a portion of a Report in the form of a Proposal 99-446 and related Comments 99-583, 99-587, 99-588, 99-589, and 99-596. The effect is the return of entire Chapter X, currently shown as Chapter 15, *Features of Fire Protection*.	If successful, this proposed motion would delete proposed Chapter X.
99-8	542	5.1.10.10.13	Felix Mummolo, Smart Tap Inc.	Return Entire Report	

*Designated Representative in accordance with 4.6.8.1 and/or 4.6.8.2 of NFPA's Regulations Governing Committee Projects

**In describing the Certified Amending Motion and in the Motions Committee Notes and Comments, the Motions Committee sometimes summarizes the results of the certified amending motion under consideration. The actual proposals and/or comments related to the motion should, however, be consulted for a complete description of the precise text under consideration.

(Note: The motions are presented in the order of presentation recommended by the Motions Committee)

Document #11 NFPA 105, *Standard for Smoke Door Assemblies and Other Opening Protectives* A2009

Motion Seq #	NITMAM Log #	Section/ Para	Person(s) Authorized to Make the Motion	Certified Amending Motion**	Motions Committee Notes and Comments**
105-1	570	6.5.5 and A.6.5.2	Joshua W. Elvove, US General Services Administration Frable and Larrimer are the Desig. Reps.* for Elvove	Accept an identifiable part of Proposal 105-4. The acceptance of the identifiable part results in the addition of an annex note and asterisk to 6.5.2, the deletion of text in 6.5.5, and no change to 6.6.5.	See NITMAM 72-16 (Log 568) on NFPA 72, which is a related issue.

*Designated Representative in accordance with 4.6.8.1 and/or 4.6.8.2 of NFPA's Regulations Governing Committee Projects

**In describing the Certified Amending Motion and in the Motions Committee Notes and Comments, the Motions Committee sometimes summarizes the results of the certified amending motion under consideration. TABLE A
Certified Amending Motions on Documents for the June 2009 Association Technical Meeting
(Note: The motions are presented in the order of presentation recommended by the Motions Committee)

Document #12 NFPA *72®, National Fire Alarm and Signaling Code* A2009

Motion Seq #	NITMAM Log #	Section/ Para	Person(s) Authorized to Make the Motion	Certified Amending Motion**	Motions Committee Notes and Comments**
72-1	609	Entire Document	Dave Frable, U.S. General Services Administration	Reject an Identifiable Part of Comment 72-30. The rejection of the identifiable part results in the removal of the reserved chapters added in the TCC Note.	If successful, this proposed motion results in the removal of the reserved chapters. These reserved chapters were added by the TCC note.
72-2	572	3.3.200.1 Public Switched Telephone Network (New)	Roy Perry, CableLabs	Accept Proposal 72-60	If successful, this proposed motion results in the acceptance of a modified definition for *Public Switched Telephone Network.*
72-3	573	3.3.200.1 Public Switched Telephone Network (New)	Roy Perry, CableLabs	Accept Proposal 72-60 as modified by the TC action.	If successful, this proposed motion results in the acceptance of new annex material for the definition of *Public Switched Telephone Network.*
72-4	614	4.4.3.7.2	Raymond A. Grill, Arup Fire	Accept Comment 72-95	
72-5	608	4.4.4.4.8	Dave Frable, U.S. General Services Administration	Reject Comment 72-115	If successful, this proposed motion results in the elimination of the proposed text from the 2010 edition because there was no comparable text on this subject in the 2007 edition.

*Designated Representative in accordance with 4.6.8.1 and/or 4.6.8.2 of NFPA's Regulations Governing Committee Projects

**In describing the Certified Amending Motion and in the Motions Committee Notes and Comments, the Motions Committee sometimes summarizes the results of the certified amending motion under consideration. The actual proposals and/or comments related to the motion should, however, be consulted for a complete description of the precise text under consideration.

Certified Amending Motions on Documents for the June 2009 Association Technical Meeting
(Note: The motions are presented in the order of presentation recommended by the Motions Committee)

Document #12 NFPA *72®, National Fire Alarm and Signaling Code* A2009 *(continued)*

Motion Seq #	NITMAM Log #	Section/ Para	Person(s) Authorized to Make the Motion	Certified Amending Motion**	Motions Committee Notes and Comments**
72-6	607	4.4.5 Exception No. 2	Dave Frable, U.S. General Services Administration	Reject Comment 72-150	**Related Motions:** Motions 72-6 and 72-7 (Logs 607 and 606), while different in the means they employ, seek to achieve the same action. Specifically, either of the motions, if successful, would reinstate the following: "Exception 2: Fully sprinklered buildings shall not require protection in accordance with 4.4.5." These motions have been certified as proper. So as to eliminate multiple debates on the same proposed action, however, the following procedure regarding the orderly and efficient consideration of the subject presented by the related motions will be in effect at the Technical Session: Once either of the motions is made and seconded, the other will no longer be in order, and the single motion on the floor will serve as the representative motion for purposes of debate and vote on the proposed action. All persons wishing to participate in debate on the proposed action should, therefore, do so during the presentation of the representative motion.
72-7	606	4.4.5 Exception No. 2	Dave Frable, U.S. General Services Administration Frable is the Desig. Rep.* for Decker	Accept Comment 72-145	
72-8	583	4.4.7.1.16	Thomas P. Hammerberg, Automatic Fire Alarm Association, Inc.	Accept Comment 72-164	

*Designated Representative in accordance with 4.6.8.1 and/or 4.6.8.2 of NFPA's Regulations Governing Committee Projects

**In describing the Certified Amending Motion and in the Motions Committee Notes and Comments, the Motions Committee sometimes summarizes the results of the certified amending motion under consideration. The actual proposals and/or comments related to the motion should, however, be consulted for a complete description of the precise text under consideration.

Motion Seq #	NITMAM Log #	Section/ Para	Person(s) Authorized to Make the Motion	Certified Amending Motion**	Motions Committee Notes and Comments**
72-9	569	6.8.5.1.2	Joshua W. Elvove, US General Services Administration Frable and Larrimer are the Desig. Reps.* for Elvove.	Reject Comment 72-223	**Related Motions:** Motions 72-9 and 72-10 (Logs 569 and 632), while different in the means they employ, seek to achieve the same action. Specifically, either of the two motions, if successful, would delete 6.8.5.1.2 and associated annex. These motions have been certified as proper. So as to eliminate multiple debates on the same proposed action, however, the following procedure regarding the orderly and efficient consideration of the subject presented by the related motions will be in effect at the Technical Session: Once any of the motions is made and seconded, the others will no longer be in order, and the single motion on the floor will serve as the representative motion for purposes of debate and vote on the proposed action. All persons wishing to participate in debate on the proposed action should, therefore, do so during the presentation of the representative motion.
72-10	632	6.8.5.1.2	Joshua W. Elvove, US General Services Administration Frable and Larrimer are the Desig. Reps.* for Elvove.	Reject Comment 72-224	
72-11	628	6.9.10.2.1	Vic Humm, Vic Humm & Associates	Accept Comment 72-235	
72-12	564	7.4.6	Scott R. Edwards, Gentex Corporation	Accept Comment 72-303	**Related Motions:** Motions 72-12, 72-13 and 72-14 (Logs 564, 565 and 566), while different in the means they employ, seek to achieve the same action. Specifically, any of the three motions, if successful, would accept Proposal 72-340, resulting in deletion of Section 7.4.6 *Exit Marking Audible Notification Appliances*. These motions have been certified as proper. So as to eliminate multiple debates on the same proposed action, however, the following procedure regarding the orderly and efficient consideration of the subject presented by the related motions will be in effect at the Technical Session: Once any of the motions is made and seconded, the others will no longer be in order, and the single motion on the floor will serve as the representative motion for purposes of debate and vote on the proposed action. All persons wishing to participate in debate on the proposed action should, therefore, do so during the presentation of the representative motion.
72-13	565	7.4.6	Scott R. Edwards, Gentex Corporation	Accept Comment 72-304	
72-14	566	7.4.6	Scott R. Edwards, Gentex Corporation	Accept Comment 72-305	

*Designated Representative in accordance with 4.6.8.1 and/or 4.6.8.2 of NFPA's Regulations Governing Committee Projects

**In describing the Certified Amending Motion and in the Motions Committee Notes and Comments, the Motions Committee sometimes summarizes the results of the certified amending motion under consideration. 72-15	560	8.5.2	Daniel G. Decker, Safety Systems, Inc.	Accept Comment 72-328	
72-16	568	Table 10.4.2.2(23)	Joshua W. Elvove, US General Services Administration Frable and Larrimer are the Desig. Reps.* for Elvove.	Accept Comment 72-388	See NITMAM 105-1 (Log 570) on NFPA 105, which is a related issue.
72-17	567	Table 10.4.4(15)(l)	Joshua W. Elvove, US General Services Administration Frable and Larrimer are the Desig. Reps.* for Elvove.	Reject an Identifiable Part of Comment 72-394. The rejection of the identifiable part results in the deletion from the table the proposed new (15)(1)(6), which reads: "Fire pump supervisory indicating devices – (with a quarterly test frequency - same as current)."	
72-18	555	10.4.6.1	John Drucker, Fire Marshals Office - Borough of Red Bank, NJ	Accept Comment 72-405	
72-19	610	12.3.5	Dave Frable, U.S. General Services Administration	Return a portion of a Report in the form of Proposal 72-571a and related Comment 72-452.	**Related Motions:** Motions 72-19, 72-20 and 72-21 (Logs 610, 611 and 612), while different in the means they employ, seek to achieve the same action. Specifically, any of the three motions, if successful, would return the entire section 12.1.6 (renumbered as 12.3.5 in Comment 72-452) *Pathway Survivability*, to the previous edition requirements that were throughout the text. These motions have been certified as proper. So as to eliminate multiple debates on the same proposed action, however, the following procedure regarding the orderly and efficient consideration of the subject presented by the related motions will be in effect at the Technical Session: Once any of the motions is made and seconded, the others will no longer be in order, and the single motion on the floor will serve as the representative motion for purposes of debate and vote on the proposed action. All persons wishing to participate in debate on the proposed action should, therefore, do so during the presentation of the representative motion.
72-20	611	12.1.6 [renumbered as 12.3.5 in Comment 72-452]	Dave Frable, U.S. General Services Administration	Return a portion of a Report in the form of Proposal 72-571a and related Comment 72-453.	
72-21	612	12.1.6 [renumbered as 12.3.5 in Comment 72-452]	Dave Frable, U.S. General Services Administration	Return a portion of a Report in the form of Proposal 72-571a and related Comment 72-454.	

*Designated Representative in accordance with 4.6.8.1 and/or 4.6.8.2 of NFPA's Regulations Governing Committee Projects
