MEMORANDUM

TO: NFPA Technical Correlating Committee on Emergency Service, Protective Clothing & Equipment

FROM: David Trebisacci, Staff Liaison

DATE: November 3, 2011

SUBJECT: NFPA 1989 ROP TCC FINAL Ballot Results (F2012)

The Final Results of the NFPA 1989 ROP TCC Letter Ballot are as follows:

20 **Members Eligible to Vote**
4 **Not Returned** (Barker, Duffy, Putorti, Bain)

PART 1 (TCC Notes)

16 **Affirmative**
0 **Negatives**
0 **Abstentions**

PART 2 (Release of ROP)

16 **Affirmative**
0 **Negatives**
0 **Abstentions**

There are two criteria necessary to pass ballot [(1) affirmative $\frac{3}{4}$ vote and (2) simple majority].

- (1) The number of affirmative votes needed for the proposal/comment to pass is 12.
(20 eligible to vote - 4 not returned - 0 abstentions = $16 \times 0.75 = 12$)
- (2) In all cases, an affirmative vote of at least a simple majority of the total membership eligible to vote is required. This is the calculation for simple majority:
 $[20 \text{ eligible} \div 2 = 10 + 1 = \mathbf{(11)}]$

Reasons for negative votes, etc. are attached for your review. Ballots received from alternate members are not included unless the ballot from the principal member was not received.

According to the final ballot results, all ballot items received the necessary $\frac{3}{4}$ required affirmative votes to pass ballot.
