

REPORT OF THE NFPA MOTIONS COMMITTEE ON FALL 2008 REVISION CYCLE DOCUMENTS

I. Introduction. This is the Motions Committee Report on documents in the Fall 2008 Revision Cycle. The report identifies Certified Amending Motions for documents in Fall 2008 revision cycle that may be presented at the 2009 Association Technical Meeting in Chicago, IL on June 8-11, 2009. The Report also identifies Fall 2008 Revision Cycle Consent Documents.

This Report will be incorporated into a Final Motions Committee Report for the 2009 Association Technical Meeting which will be made available by May 1, 2009. In addition to Consent Documents and Certified Amending Motions on documents in the Fall 2008 revision cycle, the Final Report will include Consent Documents and Certified Amending Motions on documents in the Annual 2009 revision cycle.

The Motions Committee, consisting of NFPA Standards Council Members J. Pauley (Chair), S. Clary, R. Gerdes, J. Jardin, M. Newman, has been appointed by the Chair of the Standards Council to certify proper amending motions and otherwise review and act, in accordance with 2.1 through 2.5 of the *NFPA Technical Meeting Convention Rules (Convention Rules)*, on Notices of Intent to make a Motion (NITMAMs) that have been submitted on NFPA codes and standards (documents), that have been processed in the Fall 2008 Revision Cycle.

Under NFPA rules, persons wishing to make an allowable amending motion at an NFPA Technical Meeting must declare their intention to do so by filing within the published deadlines, a NITMAM setting forth information about the intended motion. The Motions Committee, in accordance with NFPA rules, reviews each NITMAM to determine whether the intended motion is a proper motion. The Committee can also, in consultation with the submitter of the NITMAM, clarify the intent of, and if appropriate, restate the motion, and, in certain circumstances, group motions that are dependent on each other together so that they can be made as a single motion. In addition, the Motions Committee may take such other action or make such other recommendations as will facilitate the fair and efficient consideration of motions within the available time. The Motions Committee certifies for presentation at the appropriate Association Technical Meeting all proper Amending Motions, either as submitted or as clarified, restated or grouped, as explained above. The Motions Committee then publishes a report setting forth, at a minimum, each Certified Amending Motion, the person(s) authorized to make such motions, and the recommended order in which motions should be entertained. In addition, the Report may include Motions Committee notes or comments aimed at assisting the Presiding Officer or facilitating the understanding of or the orderly and efficient consideration of the motion when presented at the Association Technical Meeting.

The Certified Amending Motions for documents reporting in the Fall 2008 Revision Cycle are set forth in Part II of this report. Part III summarizes motions that were not certified by the Motions Committee. Part IV of this Report lists those Consent Documents in the Fall 2008 Revision Cycle that have no Certified Amending Motions. In reviewing this report, the following should be considered:

- The only Amending Motions allowed at an Association Technical Meeting are Certified Amending Motions set forth in a report of the Motions Committee and any Follow-Up Motions, that is, motions that may become necessary as a result of a previous successful Amending Motion. (See *Convention Rules* at 3.4.4)
- Certified Amending Motions can only be made by person(s) listed in this Report as authorized to make the motion, or by persons they have designated in writing to the Standards Council Secretary as their Designated Representative. [See *Regulations Governing Committee Projects (Regulations)* at 4.6.8.1]
- The Certified Amending Motions set forth in this report are proper and permissible; they will, however, only be presented for the consideration of the membership at the 2009 Association Technical Meeting if a person authorized to make the motion (or their Designated Representative) actually appears, signs in no later than one hour before the beginning of the session (See *Convention Rules* at 2.7), and makes the motion in accordance with NFPA rules.
- This Report concerns only Fall 2008 Revision Cycle Documents with Certified Amending Motions for consideration at the 2009 Association Technical Meeting in Chicago, IL on June 8-11, 2009. As further set forth for the above, other Documents reporting to the 2009 Association Technical Meeting (Annual 2009 Revision Cycle documents) will be treated in a separate Report.
- The Report on Comments for Annual 2009 revision cycle documents will be available by February 20, 2009. The deadline for submitting NITMAM's on these Annual 2009 revision cycle documents is April 3, 2009. The NITMAMs for the Annual 2009 revision cycle documents will be reviewed for certification by the Motions Committee, and published in the Final Motions Committee Report for the 2009 Association Technical Meeting by May 1, 2009.
- The Motions Committee may refine or revise the sequencing and/or grouping of previously published motions through amendments to this report, or in its Final Motions Committee Report.

The information presented above provides a general introduction to some of the relevant features of the NITMAM process and the presentation of Certified Amending Motions. For a full and complete understanding of the process, participants should consult the rules themselves, including the *Convention Rules* and the *Regulations*. In particular, the rules concerning the submission of NITMAMs and the Certification of Amending Motions can be found at 2.0 of the *Convention Rules* and 4.5 of the *Regulations*. The rules concerning membership action at Association Technical Meetings can be found, generally in the *Convention Rules* and in 4.6 of the *Regulations*. These are published in the *2008 Annual Directory* and are available on the NFPA website at www.nfpa.org. For additional information about the NFPA codes and standards process, consult the NFPA website or contact NFPA Codes & Standards Administration Department at 617-984-7248.

II. Certified Amending Motions. The Motions Committee has received and reviewed NITMAMs on four Fall 2008 Revision Cycle Documents. The Committee has determined that all four documents have at least one certified amending motion that may be presented for action at the 2009 Association Technical Meeting. The four documents are as follows:

- NFPA 52 *Vehicular Fuel Systems Code*
- NFPA 55* *Standard for the Storage, Use, and Handling of Compressed Gases and Cryogenic Fluids in Portable and Stationary Containers, Cylinders, and Tanks*
***Motions Committee approved withdrawal by submitter.**
- NFPA 501 *Standard on Manufactured Housing*
- NFPA 909 *Code for the Protection of Cultural Resources Properties - Museums, Libraries, and Places of Worship*

Table A summarizes the motions that have been reviewed and certified by the Motions Committee for documents processed in the Fall 2008 revision cycle for consideration at the 2009 Association Technical Meeting in Chicago, IL on June 8-11, 2009.

III. NITMAMs that were not certified by the Motions Committee. Table B (see page 6) summarizes the motions for documents processed in the Fall 2008 revision cycle that have been reviewed by the Motions Committee and not certified.

IV. Consent Documents. Where a Document in the Fall 2008 Revision Cycle receives no NITMAMs, or receives NITMAMs which are not certified as amending motions by the Motions Committee, the Document is considered a Consent Document. A Consent Document is not presented to the Association Technical Meeting and is, instead, forwarded directly to the Standards Council for issuance. (See *Regulations* at 4.5.6)

Following are the twelve (12) Consent Documents in the Fall 2008 Revision Cycle that will be forwarded directly to the Standards Council for issuance on December 9, 2008. The effective date of these documents will be December 29, 2008:

- NFPA 36 *Standard for Solvent Extraction Plants*
- NFPA 82 *Standard on Incinerators and Waste and Linen Handling Systems and Equipment*
- NFPA 150 *Standard on Fire and Life Safety in Animal Housing Facilities*
- NFPA 170 *Standard for Fire Safety and Emergency Symbols*
- NFPA 225 *Model Manufactured Home Installation Standard*
- NFPA 241 *Standard for Safeguarding Construction, Alteration, and Demolition Operations*
- NFPA 271 *Standard Method of Test for Heat and Visible Smoke Release Rates for Materials and Products Using an Oxygen Consumption Calorimeter*
- NFPA 501A *Standard for Fire Safety Criteria for Manufactured Home Installations, Sites, and Communities*
- NFPA 1670 *Standard on Operations and Training for Technical Search and Rescue Incidents*
- NFPA 1963 *Standard for Fire Hose Connections*
- NFPA 1965 *Standard for Fire Hose Appliances*
- NFPA 1975 *Standard on Station/Work Uniforms for Fire and Emergency Services*

TABLE A
Certified Amending Motions on F2008 Documents for the June 2009 Association Technical Meeting
 (Note: The motions are presented in the order of presentation recommended by the Motions Committee)

Document #1 NFPA 52, Vehicular Fuel Systems Code F2008					
Motion Seq #	NITMAM Log #	Section/ Para	Submitter of NITMAM & Authorized Rep* if Applicable	Amending Motion	Motion Committee Notes and Comments
52-1	524	Chapter 9 (New)	Douglas Horne, Clean Vehicle Education Foundation	Return a portion of a Report in the form of a proposal 52-61 and related comment(s) 52-31	
52-2	525	Chapter 9 (New)	Douglas Horne, Clean Vehicle Education Foundation	Return a portion of a Report in the form of a proposal 52-123 and related comment(s) 52-32	
52-3	534	Table 9.3.1.3 (Extract from 55:10.3.2.2.1) and related text	Larry Fluer, Fluer, Inc. Rep. Compressed Gas Association	Accept Comment 52-34	
52-4	522	9.4.3.1	Douglas Horne, Clean Vehicle Education Foundation	Reject Comment 52-35. Return language to ROP 52-94	
52-5	523	9.17	Douglas Horne, Clean Vehicle Education Foundation	Return a portion of a Report in the form of a proposal 52-119 and related comment(s) 52-36	
52-6	526	9.18 (New)	Douglas Horne, Clean Vehicle Education Foundation	Return a portion of a Report in the form of a proposal 52-120 and related comment(s) 52-37	
52-7	527	14.2.2 (New)	Douglas Horne, Clean Vehicle Education Foundation	Return a portion of a Report in the form of a proposal 52-187 and related comment(s) 52-39	
52-8	528	14.12.3	Douglas Horne, Clean Vehicle Education Foundation	Return a portion of a Report in the form of a proposal 52-218 and related comment(s) 52-42	
52-9	529	14.12.3	Douglas Horne, Clean Vehicle Education Foundation	Return a portion of a Report in the form of a proposal 52-218 and related comment(s) 52-43	
52-10	530	14.15	Douglas Horne, Clean Vehicle Education Foundation	Return a portion of a Report in the form of a proposal 52-224 and related comment(s) 52-44	
52-11	531	14.19	Douglas Horne, Clean Vehicle Education Foundation	Return a portion of a Report in the form of a proposal 52-226 and related comment(s) 52-45	

*Designated Representative in accordance with 4.6.8.1 and/or 4.6.8.2 of NFPA's Regulations Governing Committee Projects
November 7, 2008
