

Global Research Update: High Challenge Storage Protection

Wednesday June 27, 2012

Marriott Rive Gauche, Louis Armstrong Room, Paris, France

Seminar Programme

9:00	<u>Keynote Presentation</u> – Emerging Challenges in Storage Protection – Jan Lagerblad, IKEA Services AB, Sweden
10:00	<u>Session I: Emerging Storage Hazards</u>
10:00	An incident study - Fire and explosions in an aerosol storage warehouse <i>Graham Atkinson, Health and Safety Laboratories, UK</i>
11:10	Protection issues pertaining to large storage of new and used lithium based batteries <i>Guy Marlair, INERIS, France & Diego Lisbona, HSL</i>
11:50	Flammable and Combustible Liquids Storage Challenges <i>Christopher Wieczorek, FM Global, David Nugent, Valspar, USA</i>
12:30	Luncheon
13:30	<u>Session II: New Storage Configurations and Protection Challenges</u>
13:30	Automated Storage and Retrieval Equipment – Fire Protection Challenges <i>Fabio Salgado Martín, Inditex, Spain, Benjamin Ditch, FM Global, USA</i>
14:10	Sprinkler Protection for New Storage Concepts <i>Magnus Arvidson, SP Technical Research Institute of Sweden</i>
15:20	High Volume Low Speed Fans and Sprinkler Performance <i>Garner Palenske, AON Fire Protection Engineering, USA</i>
16:00	Emerging Pallet Materials and their Impact on Fire Protection of Storage <i>Kerry Bell, Underwriters Laboratories, USA</i>
16:40	<u>Session III: Panel Session Insurance Industry Perspective on Future Hazards</u> <i>Marc Van de Velde, XL Insurance; Mark Gryc, FM Global; Anders Olsson, Zurich Insurance</i>
17:30	Adjourn/Reception
