### **ABSTENTION**

The MHCC requires a letter ballot or an equivalent formal recorded vote with approval of two-thirds of the *MHCC*. This letter ballot achieves the required affirmative vote to be submitted to HUD as a formal recommendation. The 2/3<sup>rds</sup> vote is based on the total number of eligible votes (18) minus the abstain vote (1). Thus 2/3<sup>rds</sup> of 17 votes was necessary to move forward.

**Danny Ghorbani's reason for abstaining on the vote to approve MHCC bylaws changes**

I abstain because these bylaws changes are necessarily premised upon HUD's May 7, 2004 opinion letter which improperly limits and restricts the role, authority and responsibilities of MHCC
