FALL 2019 REPORT OF THE MOTIONS COMMITTEE
ON CERTIFIED AMENDING MOTIONS FOR
PRESENTATION AT THE
2020 NFPA TECHNICAL MEETING
JUNE 18, 2020
Orlando, Florida

I. Introduction

This is the Fall 2019 Report of the Motions Committee listing Certified Amending Motions that may be presented at the 2020 NFPA Technical Meeting (Tech Session) in Orlando, Florida on June 18, 2020. This Report contains the actions taken by the NFPA Motions Committee on Fall 2019 Revision Cycle Standards. The Motions Committee, consisting of NFPA Standards Council Members Patricia Gleason (Chair), James Golinveaux, Gary Keith, Daniel O’Connor, James Quiter, Kenneth Bush and Rodger Reiswig, has been appointed by the Chair of the Standards Council to certify proper amending motions and otherwise review and act, in accordance with 2.1 through 2.7 of the NFPA Technical Meeting Convention Rules (Convention Rules), on Notices of Intent to Make a Motion (NITMAMs) submitted on NFPA codes and standards (Standards). All actions taken on standards processed in the Fall 2019 Revision Cycle, as approved by the Motions Committee on October 2, 2019, are included in this Fall 2019 Report of the Motions Committee.

Standards in the Fall 2019 Revision Cycle with Certified Amending Motions (CAMs) are identified in Part II of this Report. Part III of this Report identifies “Consent Standards” in the Fall 2019 Revision Cycle. Table A includes the text of the CAMs as certified. Table B identifies NITMAMs that were not certified by the Motions Committee. Table C identifies NITMAMs requested by the submitter to be withdrawn and approved by the Motions Committee.

Please note:

- The only Amending Motions allowed at a Tech Session are Certified Amending Motions and any Follow-Up Motions (e.g. motions that may become necessary as a result of a successfully pursued Amending Motion). (See Convention Rules at 3.4.4.)

- Certified Amending Motions at the Tech Session can only be made by person(s) listed in this Report as authorized to make the motion, or by persons designated in writing to the Standards Council Secretary by the motion submitter as the Designated Representative. (See Regulations Governing the Development of NFPA Standards (Regulations) at 4.5.3.5(c)).

- The Certified Amending Motions set forth in this Report are proper and permissible; they will, however, only be presented for the consideration of the
membership at the 2020 Tech Session if a person authorized to make the motion (or the identified Designated Representative) is signed in for the Tech Session and makes the motion in accordance with NFPA rules. (See Convention Rules at 2.7)

The information above provides a summary of certain requirements related to the presentation of Certified Amending Motions. For complete information about the NFPA standards development process, participants should consult the Regulations Governing the Development of NFPA Standards and the NFPA Technical Meeting Convention Rules (published in the 2019 NFPA Standards Directory and available on the NFPA website at www.nfpa.org). For additional information about the NFPA standards development process, consult the NFPA website or contact NFPA Standards Administration at 617-984-7248.

II. Certified Amending Motions

Of the NFPA Standards processed in the Fall 2019 Revision Cycle, the Motions Committee certified amending motions for two standards. The Certified Amending Motions for the following standards may be presented for action at the June 2020 Tech Session in Orlando, Florida:

- NFPA 1500, Standard on Fire Department Occupational Safety, Health and Wellness Program
- NFPA 1700, Guide for Structural Fire Fighting

Note: In accordance with 1.6.2(a) of the Regulations, anyone who is dissatisfied with the results of the floor motions at the June 2020 NFPA Technical Meeting or the result of the Technical Committee amendment ballots [see Regulations at 1.6.2(b)] have the right to appeal the results. Appeals shall be filed no later than twenty days following the NFPA Technical Meeting at which Association action on the issuance of the Standard was recommended. The final date to file such an appeal is July 8, 2020.

III. Consent Standards

Any Standard in the Fall 2019 Revision Cycle which received no public comments, second revisions, or NITMAMs resulting in Certified Amending Motions is considered a “Consent Standard.” In accordance with the Regulations, a Consent Standard is not presented at the NFPA Technical Meeting, but is rather forwarded directly to the Standards Council for issuance. See Regulations at 4.4.8.4 and 4.5.2.5.

The following six standards were previously designated as Consent Standards and issued by the Standards Council as follows:

- NFPA 410, Standard on Aircraft Maintenance
  Issuance Date: January 15, 2019  Effective Date: February 4, 2019
The following thirty-five standards are Consent Standards and shall be forwarded to the Standards Council for balloting. Any appeal related to the issuance of the Consent Standards listed below shall be filed within 15 days (See Regulations, Section 1.6.2(a)).

**The filing deadline for such Appeal is October 25, 2019.**

**NFPA 13E**
Recommended Practice for Fire Department Operations in Properties Protected by Sprinkler and Standpipe Systems

**NFPA 31**
Standard for the Installation of Oil-Burning Equipment

**NFPA 56**
Standard for Fire and Explosion Prevention During Cleaning and Purging of Flammable Gas Piping Systems

**NFPA 61**
Standard for the Prevention of Fires and Dust Explosions in Agricultural and Food Processing Facilities

**NFPA 75**
Standard for the Fire Protection of Information Technology Equipment

**NFPA 76**
Standard for the Fire Protection of Telecommunications Facilities

**NFPA 91**
Standard for Exhaust Systems for Air Conveying of Vapors, Gases, Mists, and Particulate Solids

**NFPA 120**
Standard for Fire Prevention and Control in Coal Mines

**NFPA 122**
Standard for Fire Prevention and Control in Metal/Nonmetal Mining and Metal Mineral Processing Facilities

**NFPA 600**
Standard on Facility Fire Brigades

**NFPA 601**
Standard for Security Services in Fire Loss Prevention

**NFPA 664**
Standard for the Prevention of Fires and Explosions in Wood Processing and Woodworking Facilities

**NFPA 730**
Guide for Premises Security

**NFPA 731**
Standard for the Installation of Electronic Premises Security Systems

**NFPA 804**
Standard for Fire Protection for Advanced Light Water Reactor Generating Plants

**NFPA 805**
Performance-Based Standard for Fire Protection for Light Water Electric Generating Plants

**NFPA 806**
Performance-Based Standard for Fire Protection for Advanced Reactor Electric Generating Plants Change Process

**NFPA 850**
Recommended Practice for Fire Protection for Electric Generating Plants and High Voltage Direct Current Converter Stations

**NFPA 853**
Standard for the Installation of Stationary Fuel Cell Power Systems
NFPA 950  Standard for Data Development and Exchange for the Fire Service
NFPA 1021  Standard for Fire Officer Professional Qualifications
NFPA 1201  Standard for Providing Fire and Emergency Services to the Public
NFPA 1250  Recommended Practice in Fire and Emergency Service Organization Risk Management
NFPA 1405  Guide for Land-Based Fire Departments that Respond to Marine Vessel Fires
NFPA 1407  Standard for Training Fire Service Rapid Intervention Crews
NFPA 1408  Standard for Training Fire Service Personnel in the Operation, Care, Use, and Maintenance of Thermal Imagers
NFPA 1410  Standard on Training for Emergency Scene Operations
NFPA 1521  Standard for Fire Department Safety Officer Professional Qualifications
NFPA 1561  Standard on Emergency Services Incident Management System and Command Safety
NFPA 1616  Standard on Mass Evacuation, Sheltering, and Re-entry Programs
NFPA 1620  Standard for Pre-Incident Planning
NFPA 1931  Standard for Manufacturer's Design of Fire Department Ground Ladders
NFPA 1932  Standard on Use, Maintenance, and Service Testing of In-Service Fire Department Ground Ladders
NFPA 1951  Standard on Protective Ensembles for Technical Rescue Incidents
NFPA 2010  Standard for Fixed Aerosol Fire-Extinguishing Systems

The anticipated issuance date for the above identified thirty-six consent standards is **November 4, 2019** with an effective date of **November 24, 2019**.
NFPA 1500, *Standard for a Fire Service Occupational, Safety, Health, and Wellness Program*
