

Standards Council Meeting FINAL MINUTES

**Video Conference
August 10-12, 2020**

Members Present:

James Golinveaux, Chair	Gary S. Keith
Chad Beebe	John Kovacik
Kenneth E. Bush	Jack Poole
Michael Crowley	James R. Quiter
Jeffrey Foisel	Rodger Reiswig
Patricia Gleason	Kenneth Richards
Michael Johnston	

Staff in attendance:

Dawn Michele Bellis, Secretary, Standards Council
 Guy Colonna, Senior Director, Technical Services
 Christian Dubay, Vice President, Codes and Standards and Chief Engineer
 Delisa Fleming, Membership Coordinator
 Suzanne Gallagher, Associate General Counsel

20-8-1	Council heard the Report of the Committee Membership Task Group (J. Quiter, Chair).
20-8-1-a	<p>The Council voted to approve the Report of the Committee Membership Task Group with amendments as recommended by the Task Group. Changes in committee membership approved by the Council are included as Minutes Attachment 20-8-1-a.</p> <p>Council Chair James Golinveaux recused himself from deliberations and vote on all Viking Group, Inc. and NFSA applicants; Council Member Mike Crowley recused himself from deliberations and vote on all Jensen Hughes and SFPA applicants; Council Member Patricia Gleason recused herself from deliberations and vote on applications for FAE-AAC, FAE-ELS, FAE-EMS, FAE-HAZ, FAE-RPE, FAE-SCE, FAE-SPF, FAE-TTO, and FAE-WFF; Council Member John Kovacik recused himself from deliberations and vote on all UL applications; Council Member Jack Poole recused himself from deliberations and vote on all Poole Fire Protection, Inc. applications; and Council Member Rodger Reiswig recused himself from deliberations and vote on all Johnson Controls and AFAA applications.</p>
20-8-1-b	Council reviewed the IEEE Board of Governors resolution to terminate the appointment of IEEE-Standards Association (“IEEE-SA”) External Representatives on NFPA committees and panels, effective August 31, 2020. Additionally, Council reviewed correspondence from various IEEE societies and others, who sought guidance on how interested IEEE members can continue

	<p>to participate in the NFPA standards development process in light of the Board of Governors’ resolution.</p> <p>Upon review of all materials before it, the Council confirmed that the Board of Governors’ decision constitutes a change in membership status for all IEEE-SA members presently serving on NFPA technical committees under the <i>Regulations</i>. This means that IEEE-SA representatives affected by the Board of Governors’ resolution must submit a new membership application for consideration of appointment. Applications may be submitted either (1) as individual members, without representing IEEE; (2) as an organizational member with a directed vote and representing an IEEE society/joint technical coordinating committee; or (3) as an organizational member without a directed vote and representing an IEEE society/joint technical coordinating committee. Applications should clearly indicate which of the three options is being pursued. Ultimately, the IEEE society/joint technical coordinating committee would decide how its representative participates.</p> <p>The Council acknowledged that a number of IEEE-SA representatives participate on NFPA’s National Electrical Code®(NEC®) panels, which are scheduled to meet in the coming months. With that in mind, the Council approved a special deadline of September 15, 2020 for IEEE members to apply for NFPA technical committees and panels. All completed applications that are received on or before the deadline will be included on the agenda for Standards Council review and action at its December meeting (December 2-3, 2020).</p> <p>As a final note, Council encourages the IEEE Board of Governors to extend the deadline for the termination of the IEEE-SA representatives to December 2-3, 2020, when Council meets next and can act on applications from IEEE members. Without an extension of time, IEEE-SA representative participation on NFPA technical committees will lapse from September 1, 2020 until Council acts on new applications in December.</p>
20-8-2	The Council heard a report from the Policy and Procedures Task Group (J. Foisel, Chair).
20-8-2-a	The Council reviewed the 2020 electronic Technical Session platform and procedures.
20-8-3	The Council heard a report on the April 2020 Minutes (ballot approval of April 22 nd) and June 2020 special revision cycle ballot.
AMENDMENTS	
20-8-4 NFPA 1	<p>The Council voted to issue NFPA 1, <i>Fire Code</i>, with three amendments, in accordance with: (i) actions taken at the NFPA Technical Meeting, and subsequent balloting of the responsible Committee; (ii) Council Decision No. 20-1; and (iii) Council action to make two changes for consistency as reflected in Minute Item 20-8-4-e. One appeal was filed on this standard (not related to CAMs). Issuance Date August 11, 2020 and Effective Date August 31, 2020. See actions as indicated in Minute Items 20-8-4-d and 20-8-4-e.</p> <p>Council member Kenneth Bush recused himself from the deliberations and vote on the issuance of NFPA 1.</p>
20-8-4-a	CAM 1-3: Accept an Identifiable Part of Public Comment No. 7. This motion (CAM 1-3) passed vote of the participating Membership during the NFPA Technical Meeting and passed

	<p>ballot of the responsible Committee. The Council voted to issue the amendment as amended by actions included in agenda item 20-8-4-e.</p> <p>Council member Kenneth Bush recused himself from the deliberations and vote on this Certified Amending Motion.</p>
20-8-4-b	<p>CAM 1-6: Accept Public Comment No. 34. This motion (CAM 1-6) passed vote of the participating Membership during the NFPA Technical Meeting and passed ballot of the responsible Committee. The Council voted to issue the amendment.</p> <p>Council member Kenneth Bush recused himself from the deliberations and vote on this Certified Amending Motion.</p>
20-8-4-c	<p>CAM 1-9: Accept Public Comment No. 33. This motion (CAM 1-9) passed vote of the participating Membership during the NFPA Technical Meeting and passed ballot of the responsible Committee. The Council voted to issue the amendment.</p> <p>Council member Kenneth Bush recused himself from the deliberations and vote on this Certified Amending Motion.</p>
20-8-4-d APPEAL	<p>Decision #20-1: At its meeting of August 10-13, 2020, the Standards Council considered an appeal from Julie Heckman of the American Pyrotechnics Association (“APA”). The appeal requests that the Standards Council delete Paragraph 65.3 from NFPA 1, <i>Fire Code</i>, 2021 edition to be consistent with Standards Council Decision 14-1 and direction from the Standards Council.</p> <p>As background, NFPA has a long-standing policy opposing any use of fireworks by consumers or the general public. For a more detailed description of that policy and its history, see Standards Council Decision 14-1. (“NFPA, as a safety organization, has and continues to have, a long-standing advocacy position opposing, on well-documented safety grounds, any use of fireworks by consumers or other members of the general public.”) On that basis, NFPA has not allowed standards development activity related to the use of fireworks by the general public. Standards Council therefore limited the scope of NFPA standards development activities to the storage and retail sales of consumer fireworks. In 2014, and following a set of decisions and appeals over a number of years¹, the Standards Council ended NFPA’s development of standards for the storage and retail sales of consumer fireworks. (See Standards Council Decision 14-1, page 6.)</p> <p>In the present matter, the Technical Committee on the Fire Code (the “TC”) created First Revision 34 (FR-34), which resulted in Paragraph 65.3 and states: “The use of consumer fireworks by the public shall be prohibited.” FR-34 passed TC ballot, received no public comments, no second revisions were made and no Amending Motions could be certified on this Paragraph. The TC Chair expressed in a written statement relative to this appeal that the TC understood Paragraph 65.3 to be aligned with the Council’s prior Decision 14-1.</p> <p>On appeal, the Council accords great respect and deference to the NFPA standards development process. In conducting its review, the Council will overturn the results of that process only where a clear and substantial basis for doing so is demonstrated. There is such a basis demonstrated in</p>

¹ For information on these decisions, See Standards Council Decisions 08-19, 12-4, and 14-1.

	<p>this matter. While the Council appreciates the perspective of the TC and acknowledges that the TC thought it was acting in accordance with the Council’s prior decision, the fact is that the NFPA Standards Council has not granted the authority to develop standards related to the use of fireworks by consumers or other members of the general public. This broadly includes standards that would prohibit their use. Paragraph 65.3 addresses the very topic that is outside of the scope of NFPA standards development. Standards Council is therefore unable to issue NFPA 1 with that provision.</p> <p>The Council has reviewed the entire record concerning this matter and has considered all the arguments put forth in this appeal. In the view of the Council, this appeal presents a clear and substantial basis upon which to overturn the results yielded by the NFPA standards development process. The effect of this action is that Paragraph 65.3 will not be included in NFPA 1, 2021 edition.</p> <p>The Council wishes to strongly remind participants, especially those who are familiar with the NFPA standards development process, that it is incumbent on them to participate at every stage in the standards development process.</p> <p>Council Member Kenneth Bush recused himself from the deliberations and vote on the appeal.</p>
20-8-4-e	<p>CAM 1-3 (Section 10.3.9.2 of NFPA 1, 2021 edition) was an extraction from NFPA 101, but included erroneous terminology to describe “Christmas trees”, which created an inconsistency. Council voted to amend CAM 1-3 to accurately extract the issued requirements for Fire-Retardant Treatments for Natural Cut Christmas Trees from NFPA 101.</p> <p>Council additionally voted to strike Section 20.9.2.2 of NFPA 1, 2021 edition, which references Sections 30.7.5 and 31.7.5 of NFPA 101 (2021 edition). The sections in NFPA 101 referenced were recommended for deletion by action of the membership, ballot of the responsible committees, and as issued by the Standards Council.</p> <p>Council member Kenneth Bush recused himself from the deliberations and vote on this action.</p>
20-8-5 NFPA 4	<p>The Council voted to issue NFPA 4, <i>Standard for Integrated Fire Protection and Life Safety System Testing</i>, with one amendment, in accordance with actions taken at the NFPA Technical Meeting. No appeals were filed on this standard. Issuance Date August 11, 2020 and Effective Date August 31, 2020.</p>
20-8-5-a	<p>CAMs 4-1/4-5: Reject Second Revision No. 4. This motion (CAM 4-1/4-5) passed vote of the participating Membership during the NFPA Technical Meeting. This CAM did not require a ballot of the Technical Committee per Table 1 of the <i>Regs</i>. The Council voted to issue the amendment.</p>
20-8-6 NFPA 30	<p>The Council voted to issue NFPA 30, <i>Flammable and Combustible Liquids Code</i>, with no amendments (CAM failed), in accordance with actions taken during the NFPA Technical Meeting. No appeals were filed on this standard. Issuance Date August 11, 2020 and Effective Date August 31, 2020.</p>

20-8-7 NFPA 30A	The Council voted to issue NFPA 30A, <i>Code for Motor Fuel Dispensing Facilities and Repair Garages</i> . No appeals were filed on this standard. Issuance Date August 11, 2020 and Effective Date August 31, 2020. See 20-8-29 for issued TIA.
20-8-8 NFPA 99	The Council voted to issue NFPA 99, <i>Health Care Facilities Code</i> , with no amendments (CAM failed), in accordance with actions taken during the NFPA Technical Meeting. No appeals were filed on this standard. Issuance Date August 11, 2020 and Effective Date August 31, 2020.
20-8-9 NFPA 101	The Council voted to issue NFPA 101, <i>Life Safety Code</i> [®] , with two amendments, in accordance with actions taken at the NFPA Technical Meeting. No appeals were filed on this standard. Issuance Date August 11, 2020 and Effective Date August 31, 2020. Council member Kenneth Bush recused himself from the deliberations and vote on the issuance of NFPA 101.
20-8-9-a	CAMs 101-10/101-20: Reject Second Revision No. 6587 Including any Related Portions of First Revision and First Correlating Revisions. CAM 101-10/101-20 passed vote of the participating Membership of the NFPA Technical Meeting. This CAM did not require a ballot of the responsible committees per Table 1 of the <i>Regs</i> . The Council voted to issue the amendment. Council member Kenneth Bush recused himself from the deliberations and vote on this action.
20-8-9-b	CAMs 101-11/101-21: Reject Second Revision No. 6588 Including any Related Portions of First Revision and First Correlating Revisions. CAM 101-11/101-21 passed vote of the participating Membership of the NFPA Technical Meeting. This CAM did not require a ballot of the responsible committees per Table 1 of the <i>Regs</i> . The Council voted to issue the amendment. Council member Kenneth Bush recused himself from the deliberations and vote on this action.
20-8-10 NFPA 790	The Council voted to issue NFPA 790, <i>Standard for Competency of Third-Party Field Evaluation</i> , with no amendments (CAM failed), in accordance with actions taken during the NFPA Technical Meeting. Issuance Date August 11, 2020 and Effective Date August 31, 2020.
20-8-11 NFPA 1006	Act on the issuance of NFPA 1006, <i>Standard for Technical Rescue Personnel Professional Qualifications</i> , with no amendments (CAM failed) and no appeals, in accordance with actions taken during the NFPA Technical Meeting. No appeals were filed on this standard. Issuance Date August 11, 2020 and Effective Date August 31, 2020.
20-8-12 NFPA 1500	Act on the issuance of NFPA 1500, <i>Standard on Fire Department Occupational Safety, Health, and Wellness Program</i> , with no amendments (CAM failed), in accordance with actions taken during the NFPA Technical Meeting. No appeals were filed on this standard. Issuance Date August 11, 2020 and Effective Date August 31, 2020.
20-8-13 NFPA 1700	Act on the issuance of NFPA 1700, <i>Guide for Structural Fire Fighting</i> , with no amendments (CAM failed), in accordance with actions taken during the NFPA Technical Meeting. No appeals were filed on this standard. Issuance Date August 11, 2020 and Effective Date August 31, 2020.
TENTATIVE INTERIM AMENDMENTS	

<p>20-8-14 NFPA 1</p>	<p>The Council voted to concurrently issue proposed Tentative Interim Amendment (TIA) to update the extracted language from NFPA 90A in the 2021 edition of NFPA 1, <i>Fire Code</i> (TIA No. 1491). The TIA achieved the necessary support of the Technical Committee on technical merit and emergency nature when balloted prior to submission to the Standards Council.</p> <p>Council member Kenneth Bush recused himself from the deliberations and vote on this Tentative Interim Amendment.</p>
<p>20-8-15 NFPA 1</p>	<p>The Council voted to concurrently issue proposed Tentative Interim Amendment (TIA) to update the extracted language from NFPA 220 in the 2021 edition of NFPA 1, <i>Fire Code</i> (TIA No. 1492). The TIA achieved the necessary support of the Technical Committee on technical merit and emergency nature when balloted prior to submission to the Standards Council.</p> <p>Council member Kenneth Bush recused himself from the deliberations and vote on this Tentative Interim Amendment.</p>
<p>20-8-16 NFPA 1</p>	<p>The Council voted to concurrently issue proposed Tentative Interim Amendment (TIA) to update the extracted language from NFPA 303 in the 2021 edition of NFPA 1, <i>Fire Code</i> (TIA No. 1493). The TIA achieved the necessary support of the Technical Committee on technical merit and emergency nature when balloted prior to submission to the Standards Council.</p> <p>Council member Kenneth Bush recused himself from the deliberations and vote on this Tentative Interim Amendment.</p>
<p>20-8-17 NFPA 1</p>	<p>The Council voted to concurrently issue proposed Tentative Interim Amendment (TIA) to update the extracted language from NFPA 307 in the 2021 Edition of NFPA 1, <i>Fire Code</i> (TIA No. 1494). The TIA achieved the necessary support of the Technical Committee on technical merit and emergency nature when balloted prior to submission to the Standards Council.</p> <p>Council member Kenneth Bush recused himself from the deliberations and vote on this Tentative Interim Amendment.</p>
<p>20-8-18 NFPA 1</p>	<p>The Council voted to concurrently issue proposed Tentative Interim Amendment (TIA) to update the extracted language from NFPA 312 in the 2021 Edition of NFPA 1, <i>Fire Code</i> (TIA No. 1495). The TIA achieved the necessary support of the Technical Committee on technical merit and emergency nature when balloted prior to submission to the Standards Council.</p> <p>Council member Kenneth Bush recused himself from the deliberations and vote on this Tentative Interim Amendment.</p>
<p>20-8-19 NFPA 1</p>	<p>The Council voted to concurrently issue proposed Tentative Interim Amendment (TIA) to update the extracted language from NFPA 96 in the 2021 Edition of NFPA 1, <i>Fire Code</i> (TIA No. 1496). The TIA achieved the necessary support of the Technical Committee on technical merit and emergency nature when balloted prior to submission to the Standards Council.</p> <p>Council member Kenneth Bush recused himself from the deliberations and vote on this Tentative Interim Amendment.</p>

<p>20-8-20 NFPA 1</p>	<p>The Council voted to concurrently issue proposed Tentative Interim Amendment (TIA) to update the extracted language from NFPA 101 in the 2021 Edition of NFPA 1, <i>Fire Code</i> (TIA No. 1497). The TIA achieved the necessary support of the Technical Committee on technical merit and emergency nature when balloted prior to submission to the Standards Council.</p> <p>Council member Kenneth Bush recused himself from the deliberations and vote on this Tentative Interim Amendment.</p>
<p>20-8-21 NFPA 1</p>	<p>The Council voted to concurrently issue proposed Tentative Interim Amendment (TIA) to update the extracted language from NFPA 5000 in the 2021 Edition of NFPA 1, <i>Fire Code</i> (TIA No. 1498). The TIA achieved the necessary support of the Technical Committee on technical merit and emergency nature when balloted prior to submission to the Standards Council.</p> <p>Council member Kenneth Bush recused himself from the deliberations and vote on this Tentative Interim Amendment.</p>
<p>20-8-22 NFPA 1</p>	<p>The Council voted to concurrently issue proposed Tentative Interim Amendment (TIA) to update the extracted language from NFPA 30 in the 2021 Edition of NFPA 1, <i>Fire Code</i> (TIA No. 1499). The TIA achieved the necessary support of the Technical Committee on technical merit and emergency nature when balloted prior to submission to the Standards Council.</p> <p>Council member Kenneth Bush recused himself from the deliberations and vote on this Tentative Interim Amendment.</p>
<p>20-8-23 NFPA 1</p>	<p>The Council voted to concurrently issue proposed Tentative Interim Amendment (TIA) to update the extracted language from NFPA 30A in the 2021 Edition of NFPA 1, <i>Fire Code</i> (TIA No. 1500). The TIA achieved the necessary support of the Technical Committee on technical merit and emergency nature when balloted prior to submission to the Standards Council.</p> <p>Council member Kenneth Bush recused himself from the deliberations and vote on this Tentative Interim Amendment.</p>
<p>20-8-24 NFPA 13</p>	<p>The Council voted to issue proposed Tentative Interim Amendment (TIA) to revise the title of Table 25.9.2.3.1 of the 2019 Edition of NFPA 13, <i>Standard for the Installation of Sprinkler Systems</i> (TIA No. 1489). The TIA achieved the necessary support of the Technical Committee on technical merit and emergency nature and the support of the Correlating Committee on correlation and emergency nature respectively, when balloted prior to submission to the Standards Council.</p>
<p>20-8-25 NFPA 13</p>	<p>The Council voted to issue proposed Tentative Interim Amendment (TIA) to revise Equation 18.5.9.6.1 of the 2019 Edition of NFPA 13, <i>Standard for the Installation of Sprinkler Systems</i> (TIA No. 1506). The TIA achieved the necessary support of the Technical Committee on technical merit and emergency nature and the support of the Correlating Committee on correlation and emergency nature respectively, when balloted prior to submission to the Standards Council.</p>
<p>20-8-26 NFPA 30</p>	<p>The Council voted to concurrently issue proposed Tentative Interim Amendment (TIA) to revise Sections 3.3.34.3 and A.3.3.34.3 in the proposed 2021 Edition of NFPA 30, <i>Flammable and Combustible Liquids Code</i> (TIA No. 1503). The TIA achieved the necessary support of the</p>

	Technical Committee on technical merit and emergency nature and the support of the Correlating Committee on correlation and emergency nature respectively, when balloted prior to submission to the Standards Council.
20-8-27 NFPA 30	The Council voted to concurrently issue proposed Tentative Interim Amendment (TIA) to revise text of Figure 16.4.1(c) in the 2021 Edition of NFPA 30, <i>Flammable and Combustible Liquids Code</i> (TIA No. 1507). The TIA achieved the necessary support of the Technical Committee on technical merit and emergency nature and the support of the Correlating Committee on correlation and emergency nature respectively, when balloted prior to submission to the Standards Council.
20-8-28 NFPA 30A	The Council voted to issue proposed Tentative Interim Amendment (TIA) to revise Section 7.4.4.1 of the 2018 Edition of NFPA 30A, <i>Code for Motor Fuel Dispensing Facilities and Repair Garages</i> (TIA No. 1508). The TIA achieved the necessary support of the Technical Committee on technical merit and emergency nature when balloted prior to submission to the Standards Council.
20-8-29 NFPA 30A	The Council voted to concurrently issue proposed Tentative Interim Amendment (TIA) to revise Section 7.4.3.1 in the proposed 2021 Edition of NFPA 30A, <i>Code for Motor Fuel Dispensing Facilities and Repair Garages</i> (TIA No. 1509). The TIA achieved the necessary support of the Technical Committee on technical merit and emergency nature when balloted prior to submission to the Standards Council.
20-8-30 NFPA 30A	The Council voted to not issue proposed Tentative Interim Amendment (TIA) to revise Sections 2.4 and 14.2.7 in the proposed 2021 Edition of NFPA 30A, <i>Code for Motor Fuel Dispensing Facilities and Repair Garages</i> (TIA No. 1511). The TIA failed to achieve the necessary support of the Technical Committee on technical merit and emergency nature, when balloted prior to submission to the Standards Council.
20-8-31 NFPA 58	The Council voted to issue proposed Tentative Interim Amendment (TIA) to revise Table 16.1(n) in the 2017 and 2020 Editions of NFPA 58, <i>Liquefied Petroleum Gas Code</i> (TIA No. 1480). The TIA achieved the necessary support of the Technical Committee on technical merit and emergency nature when balloted prior to submission to the Standards Council.
20-8-32 NFPA 58	The Council voted to issue proposed Tentative Interim Amendment (TIA) to revise Paragraphs 6.27.5 and 6.30.5.1 in the 2020 Edition of NFPA 58, <i>Liquefied Petroleum Gas Code</i> (TIA No. 1516). The TIA achieved the necessary support of the Technical Committee on technical merit and emergency nature when balloted prior to submission to the Standards Council.
20-8-33 NFPA 67	The Council voted to issue proposed Tentative Interim Amendment (TIA) to revise Equation A.7.1a in the 2019 Edition of NFPA 67, <i>Guideline on Explosion Protection for Gaseous Mixtures in Pipe Systems</i> (TIA No. 1505). The TIA achieved the necessary support of the Technical Committee on technical merit and emergency nature when balloted prior to submission to the Standards Council.
20-8-34 NFPA 70	The Council voted to issue proposed Tentative Interim Amendment (TIA) to revise Section 356.10 Item (8) of the 2020 Edition of NFPA 70, <i>National Electrical Code</i> ® (TIA No. 1502). The TIA achieved the necessary support of Code Making Panel 8 on technical merit and

	<p>emergency nature and the support of the Correlating Committee on correlation and emergency nature respectively, when balloted prior to submission to the Standards Council.</p> <p>Council members Michael Johnston and John Kovacik recused themselves from the deliberations and vote on this Tentative Interim Amendment.</p>
<p>20-8-35 NFPA 101A</p>	<p>The Council voted to issue proposed Tentative Interim Amendment (TIA) to revise Worksheet 4.7.8A, footnote c (new) of the 2010, 2013, 2016 and 2019 Editions of NFPA 101A, <i>Guide on Alternative Approaches to Life Safety</i> (TIA No. 1501). The TIA achieved the necessary support of the Technical Committee on technical merit and emergency nature and the support of the Correlating Committee on correlation and emergency nature respectively, when balloted prior to submission to the Standards Council.</p> <p>Council members Kenneth Bush and Michael Crowley recused themselves from the deliberations and vote on this Tentative Interim Amendment.</p>
<p>20-8-36 NFPA 1006</p>	<p>The Council voted to concurrently issue proposed Tentative Interim Amendment (TIA) to move Sections 10.3.1, 10.3.2 and 10.3.3 to section 10.2 of the 2021 Edition of NFPA 1006, <i>Standard for Technical Rescue Personnel Professional Qualifications</i> (TIA No. 1488). The TIA achieved the necessary support of the Technical Committee on technical merit and emergency nature and the support of the Correlating Committee on correlation and emergency nature respectively, when balloted prior to submission to the Standards Council.</p>
<p>20-8-37 NFPA 1192</p>	<p>The Council voted to issue proposed Tentative Interim Amendment (TIA) to delete paragraph 1.3.3 in its entirety from the 2021 Edition of NFPA 1192, <i>Standard on Recreational Vehicles</i> (TIA No. 1490). The TIA achieved the necessary support of the Technical Committee on technical merit and emergency nature when balloted prior to submission to the Standards Council.</p>
<p>20-8-38 NFPA 1581</p>	<p>The Council voted to issue proposed Tentative Interim Amendment (TIA) to add new Section 8.4.10 and associated Annex information to the 2015 Edition and next Edition of NFPA 1581, <i>Standard on Fire Department Infection Control Program</i> (TIA No. 1517). The TIA achieved the necessary support of the Technical Committee on technical merit and emergency nature when balloted prior to submission to the Standards Council.</p>
<p>20-8-39 NFPA 1851</p>	<p>The Council voted to issue proposed Tentative Interim Amendment (TIA) to revise paragraph 7.3.3.2 and add new Annex A.7.3.3.2 to the 2020 Edition of NFPA 1851, <i>Standard on Selection, Care, and Maintenance of Protective Ensembles for Structural Fire Fighting and Proximity Fire Fighting</i> (TIA No. 1484). The TIA achieved the necessary support of the Technical Committee on technical merit and emergency nature and the support of the Correlating Committee on correlation and emergency nature respectively, when balloted prior to submission to the Standards Council.</p>
<p>20-8-40 NFPA 1851</p>	<p>The Council voted to issue proposed Tentative Interim Amendment (TIA) to revise Figure 7.1.1.2(b) of the 2020 Edition of NFPA 1851, <i>Standard on Selection, Care, and Maintenance of Protective Ensembles for Structural Fire Fighting and Proximity Fire Fighting</i> (TIA No. 1504). The TIA achieved the necessary support of the Technical Committee on technical merit and emergency nature and the support of the Correlating Committee on correlation and emergency nature respectively, when balloted prior to submission to the Standards Council.</p>

<p>20-8-41 NFPA 1851</p>	<p>The Council voted to issue proposed Tentative Interim Amendment (TIA) to revise paragraph 11.1.5 of the 2020 Edition of NFPA 1851, <i>Standard on Selection, Care, and Maintenance of Protective Ensembles for Structural Fire Fighting and Proximity Fire Fighting</i> (TIA No. 1512). The TIA achieved the necessary support of the Technical Committee on technical merit and emergency nature and the support of the Correlating Committee on correlation and emergency nature respectively, when balloted prior to submission to the Standards Council.</p>
<p>20-8-42 NFPA 1999</p>	<p>The Council voted to issue proposed Tentative Interim Amendment (TIA) to revise paragraph 7.1.2.1 of the 2018 Edition of NFPA 1999, <i>Standard on Protective Clothing and Ensembles for Emergency Medical Operations</i> (TIA No. 1514). The TIA achieved the necessary support of the Technical Committee on technical merit and emergency nature and the support of the Correlating Committee on correlation and emergency nature respectively, when balloted prior to submission to the Standards Council.</p>
<p>20-8-43 NFPA 2112</p>	<p>The Council voted to issue proposed Tentative Interim Amendment (TIA) to revise specific paragraphs in Chapter 1 of the 2018 Edition of NFPA 2112, <i>Standard on Flame-Resistant Clothing for Protection of Industrial Personnel Against Short-Duration Thermal Exposures from Fire</i> (TIA No. 1513). The TIA achieved the necessary support of the Technical Committee on technical merit and emergency nature when balloted prior to submission to the Standards Council.</p>
<p>20-8-44</p>	<p>The Council voted to approve the submitted request for processing of the proposed Tentative Interim Amendment regarding storable pools in the 2014 and 2017 Editions of NFPA 70®, National Electrical Code®. See Attachment 20-8-44</p> <p>Council member Michael Johnston recused himself from the deliberations and vote on this issue.</p>

REVISION CYCLE

<p>20-8-45</p>	<p>The Council voted to approve the request from NFPA Committees to amend cycles as follows:</p> <table border="1" data-bbox="415 1220 1370 1451" style="margin-left: auto; margin-right: auto;"> <thead> <tr> <th>Standard Number</th> <th>Current Edition</th> <th>Next Applicable Deadline</th> </tr> </thead> <tbody> <tr> <td>NFPA 11</td> <td>2016</td> <td>PI Closing February 23, 2022*</td> </tr> <tr> <td>NFPA 14</td> <td>2019</td> <td>PI Closing January 1, 2021</td> </tr> <tr> <td>NFPA 58</td> <td>2020</td> <td>PI Closing January 1, 2021</td> </tr> <tr> <td>NFPA 59A</td> <td>2019</td> <td>PI Closing January 1, 2021</td> </tr> </tbody> </table>	Standard Number	Current Edition	Next Applicable Deadline	NFPA 11	2016	PI Closing February 23, 2022*	NFPA 14	2019	PI Closing January 1, 2021	NFPA 58	2020	PI Closing January 1, 2021	NFPA 59A	2019	PI Closing January 1, 2021
Standard Number	Current Edition	Next Applicable Deadline														
NFPA 11	2016	PI Closing February 23, 2022*														
NFPA 14	2019	PI Closing January 1, 2021														
NFPA 58	2020	PI Closing January 1, 2021														
NFPA 59A	2019	PI Closing January 1, 2021														

SCOPES

<p>20-8-46</p>	<p>During the discussions for issuance of NFPA 1, the Council heard a report from staff regarding a cross reference to NFPA 101 related to valet trash. Based upon this information, the Council took action as documented in Agenda item 20-8-4.</p> <p>Council member Kenneth Bush recused himself from discussion on this issue.</p>
-----------------------	---

<p>20-8-47 855 TG Scope Overlap</p>	<p>At the April 2020 meeting, the Standards Council reviewed the request of the Technical Committee on Energy Storage Systems to review the potential scope overlap of NFPA 855, <i>Standard for the Installation of Stationary Energy Storage Systems</i> with other NFPA occupancy standards. At that time, and after review of all information before it, the Council voted to direct NFPA Staff to form a Task Group to be Chaired by Standards Council member, Jeff Foisel. The Task Group was to include one member from each of the potentially affected NFPA projects identified (namely NFPA 70, 75, 76, 110, 111, 850 and 855). Having met, the Chair presented the findings and recommendations to the Standards Council.</p> <p>Council voted to:</p> <p>(1) approve amending the scope of the Technical Committee on Emergency Power Supplies (EPS-AAA) as follows:</p> <p style="padding-left: 40px;">This Committee shall have primary responsibility for documents on performance criteria for the selection and assembly of the components for emergency and standby power systems in buildings and facilities, including categories of power supplies, transfer equipment, controls, supervisory equipment, and all related electrical and mechanical auxiliary or accessory equipment needed to supply emergency or standby power to the utilization equipment. The Committee also shall be responsible for criteria on the maintenance and testing of the system. This Committee does not cover requirements for the application of emergency power systems, self-contained emergency lighting units, and electrical wiring, except that wiring that is an integral part of the system up to the load side of the transfer switch(es). This Committee shall report to Correlating Committee of the National Electrical Code.</p> <p>(2) add representation on the ESS Joint Task Group from NFPA 72 and 853 projects;</p> <p>(3) direct NFPA Staff to create a summary explaining the document scopes and responsibilities for the Technical Committees responsible for NFPA 855, 75, 76, 110, 111, 850, and 853, and provide the summary to the ESS Joint Task Group; and</p> <p>(4) direct the expanded ESS Joint Task Group to report back to Council in December with recommendation of which existing text related to energy storage systems should be removed, updated to reference NFPA 855 or replaced with extracts from NFPA 855.</p> <p>In addition, the Council reviewed the ESS Joint Task Group’s recommendation for the establishment of a Correlating Committee. At this time, the Council awaits further work by the Task Group before making a decision on this recommendation.</p> <p>Council member Jeff Foisel recused himself from voting on this issue.</p>

NEW PROJECTS

<p>20-8-48 ERRS</p>	<p>The Council voted to approve the request of the Technical Committee on Emergency Medical Services Protective Clothing and Equipment (FAE-EMS) and the Technical Committee on Hazardous Materials Protective Clothing and Equipment (FAE-HAZ) to revise Standards Council prior approval to include NFPA 1999, <i>Standard on Protective Clothing and Ensembles for Emergency Medical Operations</i>, within consolidated standard NFPA 1990, <i>Standards for Protective Ensembles for Hazardous Material and Emergency Medical Operations</i>, and to allow</p>
--	---

	necessary second revisions to remove NFPA 1999 text from NFPA 1990 during the current revision cycle.
20-8-49 Fire Test TG re 16 Ft Parallel Panel Test	The Council voted to approve the request and recommendation of the Fire Test Committee to no longer pursue the development of the 16 ft. Parallel Panel test. The Council wishes to extend its sincere appreciation to the task group and to the Technical Committee for its exploration and pursuit of standards development. Council member Gary Keith recused himself from deliberations and vote on this issue.
20-8-50 NFPA 715	The Council voted to approve the request of the Technical Committee on Fuel Gas Warning Equipment to enter NFPA 715, <i>Standard for the Installation of Fuel Gases Detection and Warning Equipment</i> into its initial revision cycle for public review, with a Public Input closing date of October 15, 2020.
20-8-51 NFPA 915	The Council voted to approve the request of the Technical Committee on Remote Inspections to enter NFPA 915, <i>Standard for Remote Inspections</i> into its initial revision cycle for public review, with a Public Input closing date of June 1, 2021.
20-8-52 NFPA 2800	The Council voted to approve the request of the Technical Committee on Building Fire and Life Safety Directors to enter NFPA 2800, <i>Standard for Emergency Action Planning</i> into its initial revision cycle for public review, with a Public Input closing date of January 6, 2021.
20-8-53	The Standards Council, based upon review of submitted requests for standards development and Council discussions, voted to solicit opinions on the need for standards development activity regarding Mobile Food Establishments, information on resources on the subject matter, other organizations actively involved with the subject, as well as interest in participation by volunteer stakeholders should the project be approved. Staff is to report back to Council in December with the results and identify which, if any, Technical Committee scope(s) and standard scope(s) would need to be amended if the project for Mobile Food Establishments is approved, to avoid conflict and overlaps on the defined subject matter.
REPORTS BACK TO COUNCIL	
20-8-54 Research foundation report on FM	At the August 2019 meeting, the Council heard a report from Council Member Gary Keith on Factory Mutual’s Research Technical Report on the <i>Evaluation of Sprinkler Fire Protection of Retail Sales of Consumer Fireworks</i> (https://www.fmglobal.com/research-and-resources/research-and-testing/research-technical-reports). After review, the Council voted to forward FM’s Technical Report to the NFPA Research Foundation with a request for an analysis of whether the test performed by FM is consistent with the test plan previously developed by the Research Foundation. The Research Foundation completed its review and analysis as requested and reported back to the Council. Council reviewed all the materials before it and found that, based upon a review of the FM Global report, <i>Evaluation of Sprinkler Fire Protection of Retail Sales of Consumer Fireworks</i> , and the comments submitted by the Fire Protection Research Foundation technical panel, the fire tests failed to demonstrate acceptable criteria for sprinkler control for the storage and retail

	<p>display of consumer fireworks. The Council concludes that there continues to be no technical data to support the formulation of requirements for sprinkler system design criteria and installation for the storage and retail sales of consumer fireworks.</p> <p>Council member Gary Keith recused himself from the deliberations and vote on this issue.</p>
20-8-55	<p>The Council voted to approve the dates of upcoming Council meetings, as follows:</p> <p>December 2-3, 2020 Video Conference</p> <p>April 14-15, 2021 Location/Method TBD</p> <p>August 2021 Dates and Location/Method TBD</p>
20-8-56	<p>At the August 2017 Standards Council meeting, the Council considered the request of Kenneth Linder, Chair, Automatic Sprinkler Systems Correlating Committee and of NFPA Staff to merge NFPA 16, <i>Standard for the Installation of Foam-Water Sprinkler and Foam-Water Spray Systems</i> into NFPA 11, <i>Standard for Low-Medium-, and High-Expansion Foam</i> during the next revision cycle for NFPA 11. After a review of all information provided at the December 2017 Council meeting, the Council voted to approve the merger of NFPA 16 into a chapter of NFPA 11.</p> <p>The requirements of NFPA 16 having been successfully consolidated into the issued 2021 Edition of NFPA 11, <i>Standard for Low-, Medium-, and High-Expansion Foam</i>, the Council voted to disband the Technical Committee on Foam-Water Sprinklers, responsible for the development of NFPA 16, <i>Standard for the Installation of Foam-Water Sprinkler and Foam-Water Spray Systems</i>, The Council wishes to extend its sincerest thanks and appreciation to the committee members for their commitment and dedication to the NFPA standards development process.</p>

Respectfully Submitted,
Dawn Michele Bellis
Secretary, Standards Council
