### REVISED Notice of Special Meeting of the NFPA Standards Council

NFPA has made the difficult decision to cancel the 2021 NFPA Conference & Expo<sup>®</sup> scheduled for June 22-25<sup>th</sup> in Las Vegas in light of the continuing, significant impact that COVID-19 is having on the world. While we are unable to come together in person, NFPA is pleased to announce that the NFPA Technical Meeting will take place in an alternative electronic format.

Because the NFPA Technical Meeting Convention Rules are written to anticipate an in-person meeting, alternative temporary rules must be considered and approved for governing an electronic formatted meeting in a manner that preserves the essential elements core to the NFPA Standards Development process.

Please be advised that pursuant to Section 2.11.1, the NFPA Standards Council shall conduct a meeting on Monday, March 1<sup>st</sup> at 9:00 a.m. (ET) for the purposes of:

1. Discussing proposed “Temporary NFPA Technical Meeting Convention Rules for 2021”; and
2. Authorizing other procedures for the processing of a Tentative Interim Amendment to allow staff to correct an error identified in the balloting of a recently processed TIA (in accordance with Section 5.12 of the *Regulations Governing the Development of NFPA Standards*).

This meeting shall be limited to discussion, consideration and action on the two specified matters of Council business.

Respectfully,

*Dawn Michele Bellis*

Director, Standards Administration  
and NFPA Standards Council Secretary
