Disable Vehicle

1. Press and hold the emergency button for more than 1.5 seconds.
2. Move the vehicle at least 5 meters (16.4 feet) from the road.
3. Remove the main fuse (25A CLEAR).

Access to 12V Battery

1. Open the front hood.
2. Open the battery compartment cover.
3. Access the 12V battery.

Towing Information

- Do not tow the vehicle with the wheels on the ground.
- Use a dolly or flatbed truck.
- Do not tow the vehicle with a chainsaw or other type of device.

More details, please refer to “Emergency Response Guide”.
