Your Passport to Global Markets

The Benefits of FM Approvals Certification

Quality. Technical Integrity. Market Access.

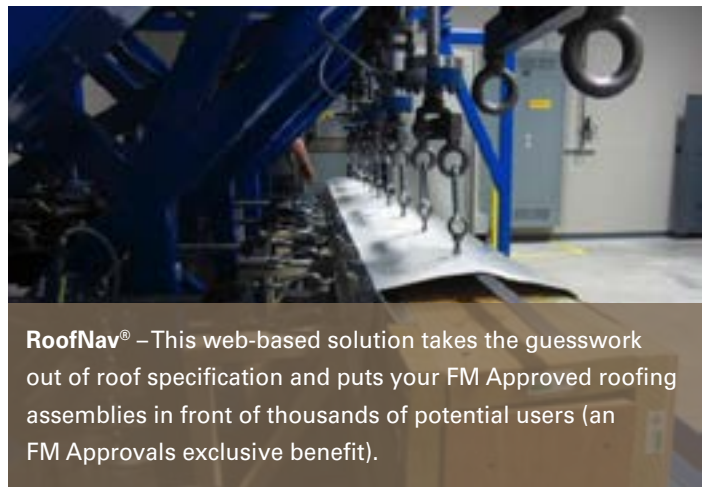

FM Approvals is an independent, third-party global testing laboratory and certification organization with over a century of experience in testing and certifying products that meet our rigorous property loss prevention standards.

FM Approved products are recommended for and implemented by multinational companies across the globe.

- **Gain Global Access**—Work with a standards development and certification organization providing the globally recognized FM APPROVED mark for property loss prevention solutions.
- **Accelerate Time to Market**—Save time and cost by consolidating certifications and audits for your global markets with FM Approvals.

Approval Guide –Your FM Approved products will be listed in this exclusive online resource. Used by specifiers, designers, code authorities, and contractors worldwide.

RoofNav® –This web-based solution takes the guesswork out of roof specification and puts your FM Approved roofing assemblies in front of thousands of potential users (an FM Approvals exclusive benefit).

- **Demonstrate Quality**—FM Approvals’ rigorous and fair product testing is an internationally recognized quality indicator that differentiates your product in the market.
- **Differentiate Your Product**—Tell the world your products have met the highest standards of consistent performance with the FM APPROVED mark.

Learn more by contacting your FM Approvals office at +1 (1)781 762 4300 or by emailing information@fmapprovals.com.
