The Committee on Portable Fire Extinguishers produced a First Revision Report for NFPA 408, *Standard for Aircraft Hand Portable Fire Extinguishers*, and sought Public Comments. No Public Comments were received on this Standard and the Committee determined, through a letter ballot, that a meeting should be held to consider the development of Second Revisions. On March 15-16, 2016 the Second Draft meeting was held but did not result in any Second Revisions. Therefore, the proposed NFPA Standard, as revised in the First Draft Report, shall be considered a consent document. According to 4.4.8.4 of the *Regulations Governing the Development of NFPA Standards*, NFPA 408 will be forwarded directly to the Standards Council for action in accordance with Section 4.7.

**NOTE:** *In accordance with 1.6.2(a) of the Regulations, there is a fifteen day appeal period following the publication date of this report in which one may file an appeal related to the issuance of any Consent Document listed in this report. The final date to file any such appeal is July 9, 2016.*
Report of the Committee on Portable Fire Extinguishers

Chair
Nathaniel J. Addleman, Addleman Engineering PLLC, TX [SE]

Secretary (Alternate)

Principal
Andrew J. Brady, Nuclear Service Organization, DE [I]
Dennis D. Brohmer, Tyco Fire Protection Products, WI [M]
David J. Burkhart, Code Consultants, Inc., MO [SE]

MEMORANDUM

To: Technical Committee on Portable Fire Extinguishers

From: Kimberly Shea, Administrator, Technical Projects

Date: March 23, 2016

Subject: NFPA 408 – No Second Draft Ballot (F2016 Cycle)

The Committee on Portable Fire Extinguishers produced a First Revision Report for NFPA 408, Standard for Aircraft Hand Portable Fire Extinguishers, and sought Public Comments. No Public Comments were received on this proposed NFPA Standard development of Second Revisions. On March 15 – 16, 2016 the Second Draft meeting was held but did not result in any Second Revisions. Therefore, the proposed NFPA Standard, as revised in the First Draft Report, shall be considered an NFPA Consent Document. According to the Regulations Governing the Development of NFPA Standards, NFPA 408 will be forwarded directly to the Standards Council for action in accordance with Section 4.7.

The NFPA appreciates the Technical Committee’s time and effort in revising NFPA 408 for the 2017 edition.

Thank you and if you have questions please do not hesitate to contact me at (617) 984-7953.
