

## **Notice**

**The NFPA Standards Council has directed reassignment of a number of Articles in the NEC in accordance with a request from the National Electrical Code Correlating Committee. The reassignment of Articles 215 and 230 to CMP 10 has resulted in a change in the assignment of definitions in Article 100. The following definitions are now assigned to CMP 10:**

**Feeder  
Service  
Service Cable  
Service Conductors  
Service Conductors, Overhead System  
Service Conductors, Underground System  
Service Drop  
Service-Entrance Conductors, Overhead System  
Service-Entrance Conductors, Underground System  
Service Equipment  
Service Lateral  
Service Point**

**The CMP assignments shown in Article 100 will be updated to reflect these new assignments.**
