POV / SELF-UNLOADING POLICY

PRIVATELY OWNED VEHICLES / SELF-UNLOADING

POV’s are vehicles used to transport people such as cars, 1/2 ton pick-up trucks, vans, limos, and taxis. Box trucks no longer than 24’ in length and pick-up trucks pulling trailers under 12’ are also permitted to check in as POV’s. The vehicle must be unloaded/loaded by full-time exhibitor personnel, by hand, or with the use of exhibitor-owned, non-motorized two-wheeled hand-carts. This does NOT include pallet jacks or motorized equipment of any type.

POV’s must check in at the designated POV marshalling area at Show Site. Drivers must not leave the vehicle at any time; it is suggested that 2 persons accompany each POV.

POV’s may check-in during exhibitor move-in or move-out hours. A POV must be completely unloaded within 30 minutes of arrival at the loading dock area. Multiple trips are permitted as long as unloading is completed and the vehicle is removed from the loading dock area within 30 minutes.

- POV space is available to all exhibitors who do not require our material handling assistance during move-in and move-out.

- The use of motorized or mechanical equipment is not permitted to self load/unload a POV.

- If needed, empty storage and return will be provided at the prevailing time and material rates.
CART SERVICE / PRIVATELY OWNED VEHICLES ONLY

To help alleviate the problems and frustrations associated with exhibitors carrying their small exhibit materials during move-in, Freeman is pleased to provide a cartload service for (1) trip, one way from the dock to your booth or your booth to the dock for a charge of $127.50 each way, with a maximum of (1) cartload per exhibitor.

This service will be available during move-in and move-out.

A Cartload is defined as exhibit materials arriving in a Privately Owned Vehicle (POV) such as a car, 1/2 ton pickup truck, van, limo, box truck no longer than 24' in length, or a pickup truck pulling a trailer under 12' in length.

Each cart will handle a load approximately 3' wide x 5' long x 5' high. In the interest of safety, it will be the judgement of the Freight Supervisor if the load can go higher than 3'. No individual cart will be more than 250 lbs. in freight weight.
