REduce & ReUse Program

NFPA C&E and the Orange County Convention Center care about the environment and the community. Help us divert material from our local landfills by recycling and/or donating items that you no longer need or want to ship back.

As an exhibitor, what can you do to help? Participate in the Donation Program!

Donate items from your booth that could be used by local non-profits.

- Exhibit booth furnishings such as tables, chairs, display cases, etc.
- Promotional items such as pens, pencils, clothing, water bottles, etc.
- Reusable exhibit bags
- Self-contained food items or bottled beverages

Just follow the steps below and make an impact!

**Step 1:** For smaller items, please bring to the donation area next to Exhibitor Services, in the back of Hall D1. Recycle bins will also be available for any unwanted materials.

**Step 2:** For larger donations, visit the Freeman service desk for donation stickers and let them know the item(s) you are leaving in your booth along with your booth number. Place stickers on any large item you would like to donate. Leave the item in your booth and a representative will pick it up.

**Step 3:** Feel good knowing your donations have impacted local non-profits and the work they do!

Thank you for your participation!
