Twitter:

- It's #FirePreventionWeek! Look. Listen. Learn. Be aware – fire can happen anywhere! <http://ow.ly/Ar8m30jPLFZ>
- Look for places in your home fire can start. Here are leading causes of home fires: #Fire Prevention Week <http://ow.ly/Ar8m30jPLFZ>
- Listen for the sound of the smoke alarm - know what to do if you hear it! #FirePreventionWeek <http://ow.ly/Ar8m30jPLFZ>
- Look for two exits from every room in your home - usually a door and a window. #FirePreventionWeek <http://ow.ly/Ar8m30jPLFZ>
- Learn how to make a home escape plan - practice it twice a year! #FirePreventionWeek <http://ow.ly/Ar8m30jPLFZ>
- Don't block exits in your home! Clear clutter and make sure windows open easily. #FirePreventionWeek <http://ow.ly/Ar8m30jPLFZ>
- Home escape plans include a place outside where everyone meets. Pick 1 with ur family! #FirePreventionWeek <http://ow.ly/Ar8m30jPLFZ>
- Today's homes burn faster than ever. Learn how to escape quickly & safely. <http://ow.ly/Ar8m30jPLFZ>
- When a smoke alarm sounds, you may have 1-2 mins to escape. Know how to use the time wisely! #FirePreventionWeek <http://ow.ly/Ar8m30jPLFZ>
- Download the @NFPA home escape planning tip sheet & keep your family safe! #FirePreventionWeek <http://ow.ly/Ar8m30jPLFZ>
- Smoke alarms alert u to fire in time to escape – test them monthly to make sure they r working! #FirePreventionWeek <http://ow.ly/Ar8m30jPLFZ>

Facebook:

- “Look. Listen. Learn. Be aware – fire can happen anywhere!” That's the theme for #FirePreventionWeek, October 7-13, 2018. <http://ow.ly/Ar8m30jPLFZ>

- Look for places home fires can start and minimize those risks: Keep cooking areas clear of clutter, keep anything that can burn well away from heat sources, and make sure electrical outlets aren't overloaded. <http://ow.ly/Ar8m30jPLFZ>
- Listen for the sound of the smoke alarm. If you hear it, take it seriously – whether you're at home or any other location! <http://ow.ly/Ar8m30jPLFZ>
- Make sure you have adequate smoke alarm protection! You should have at least one smoke alarm on every level of your home, in each bedroom and near all sleeping areas. Test smoke alarms once a month to make sure they're working! <http://ow.ly/Ar8m30jPLFZ>
- Learn what to do if the smoke alarm sounds: make a home escape plan with all members of your household, then practice it together at least twice a year. <http://ow.ly/Ar8m30jPLFZ>
- Use this home escape planning grid to map out a floor plan of your home. Make sure it includes the location of all smoke alarms; two exits from every room; a path from each exit to the outside; and an outdoor meeting place where everyone will meet upon exiting. <http://ow.ly/Wn4i30jPM8J>
- Make situational awareness a habit. Always look for two exits from the location or building you're in, and identify the quickest path to the outside in the event of an emergency. <http://ow.ly/Ar8m30jPLFZ>
- In a fire situation, once you get outside, stay outside! Call 911 or the local emergency number immediately from your cell phone or a neighbor's phone. <http://ow.ly/Ar8m30jPLFZ>
- Create different fire scenarios for practicing your home fire escape plan like blocking some exits and conducting a fire drill in the dark. Develop a plan for each situation. <http://ow.ly/Ar8m30jPLFZ>
- If there are members of your household who need assistance escaping a fire situation, make sure your home escape plans account for their needs. <http://ow.ly/l8fW30bcCUn>
