## Annual 2020 Revision Cycle

- Important Update to 2020 Report of the Motions Committee and Agenda: **Motions Committee approves requests for withdrawals** (CAMs 99-7, 99-9, 101-16, 101-18, 101-19, and 5000-8).
- **Report of the Motions Committee and Agenda** (posted May 7, 2020).
- **Temporary Technical Meeting Convention Rules for 2020**
- **Frequently asked questions (FAQs)**
- **NFPA Volunteers Recognized for Outstanding Contributions**  
NFPA's volunteers are a very important part of the standards development process. Typically, we recognize some of these outstanding individuals each year during the Tech Session to an audience of peers. Unfortunately, this year amidst the COVID-19 epidemic, we cannot be together to recognize them in person; therefore, the Standards Council and NFPA are **taking this opportunity to announce this year's winners for recognition.**

Still have questions? Contact [techsession@nfpa.org](mailto:techsession@nfpa.org).

3. You will be prompted to sign in or create a profile, if you have not already. Once profile is established, the form will auto populate your profile information. If you do not have a Company listed, you may add one. You are required to add in an **Affiliation**, as the form will not submit without the required field(s).

\*Required

\*Name:

Company:

\*Affiliation:

4. Below each CAM for which you wish to participate in the debate, select either For or Against, and then provide your position statement in the space provided as “reason” (**required**).

NFPA 1, Fire Code

Submitter: Marcelo Hirschler, GBH International

Certified Amending Motion to Accept an Identifiable Part of Public Comment No. 7	
1-3	<p><b>Recommended Text if Motion Passes:</b></p> <p><u>10.13.9.5 Fire Retardant Treatments For Natural Cut Trees</u></p> <p><u>Whenever a fire retardant treatment is applied to natural cut trees, that fire retardant treatment shall have been tested by an approved agency and shall be labeled as complying with both Test Method 1 and Test Method 2 of ASTM E3082.</u></p> <p><i>Please Note: This section may need to be relocated to accommodate the changes in TIA 1497.</i></p>
	<p><b>Recommended Text if Motion Fails:</b></p> <p><i>There is no recommended text.</i></p>

FOR  AGAINST

Add in your reason here

Reason:

If you chose to change whether for or against the motion, select the Clear Selection. Note, this will clear the reason field as well.

5. Upon completion, select Submit at the bottom of the page. If you select Exit, please note that any form entries will not be submitted, and all work will be cleared from the form.

**Note: All submitted position statements are documented daily. To view on the NFPA Technical Meeting page, select the “Daily Reports” button.**

6. Once your position submissions are submitted, a system notification will verify NFPA has received your submission. You may wish to print the screen confirmation as these are not retained in your profile.

## **THANK YOU.**

Your motion(s) have been successfully submitted to NFPA.

[Click here](#) to return back to the homepage.

7. You are free to submit multiple position statements as the electronic debate of the CAMs proceeds by following the same steps of joining the debate initially. Subsequently submitted position statements will become part of the debate and will not supersede or remove prior submitted position statements.
