GO BY THE BOOK. WITHOUT THE BOOK.

Go digital with the information delivery platform that brings NFPA® knowledge to life.

NFPA LiNK™ puts our trusted knowledge base at your fingertips—whether you’re an individual, a team, or a larger enterprise. With NFPA LiNK™, you will have access to NFPA codes and standards, expert commentary, visual aids, and more.

TRANSFORM THE WAY YOU WORK WITH SPEED, ACCURACY, AND EFFICIENCY.

Now it’s easier to find, organize, and share knowledge anytime and anywhere—right from your digital device.

Navigate
• Quickly locate the information you need by searching or filtering content based on occupancy, space, system, or equipment type.

Personalize
• Bookmark sections of code to quickly locate the material most relevant to your work.
• Assign colors and add to custom collections to organize into specific topics, projects, and more.
• Add personal notes for further clarification, helpful reminders, and future reference.

Collaborate with Others
• Share information directly from within the NFPA LiNK™ platform.
• Work across a team and share collections with important information related to your projects.
• Search, quote, take team notes, and double-check information with other members remotely without going back to the office.

FLEXIBLE SUBSCRIPTION SOLUTIONS.

NFPA LiNK™ offers multiple pricing and access options:
• Individual Plan: for single-user access at a low monthly rate
• Team Plan: two options for 2–5 and 6–10 users, priced accordingly. Includes team notes and ability to collaborate within your team.
• Enterprise Plan: for 11 or more users with enterprise-wide collaboration

Additional content is continually being added to NFPA LiNK™, and all current subscribers have access to all new content at no additional charge.
